14 September 2011 15:37 AM [NAME DELETED]: I don't have Ray's current

- Dear Ray,
- It has been a while since we communicated.
Sad Really.
- Anyone who knows anything about what went on during the time of your incarceration knows I did all I could to help you, and am still doing so. Yes, Sided with Keenan. You always taught me to keep your friends close and your enemies closer.
- Keenan could have buried you a dozen times over, but instead I had doing all he could do to help you. This is a man who is on first name basis with people like Bill and Hillary Clinton.
- He tells **Kissinger** to go screw himself, that he was a decrepit, nasty and evil old gnome who was going to have to answer for all he has done. He has powerful friends in the U.S. Administration, right through it.
- He talks to all kinds of people, Tommy Clines, General Frank Miers, General Keith Alexander (Head of NSA) are all friends of his.
- This guy is afraid of nobody. A man who had Evelyn de Rothschild come and stay at a little **Bulgarian** village and try to buy him off.
- I have been on Skype with him when Christine Legarde called him and he scared the crap out of her. He talks regularly with Father Guswein who is the chaplain to the Pope. He has regular conversations with Count Hans Peter Kolvenbach, who is head of the Jesuits.
- He talks to people like Robert Murdoch, Dominique Strauss Kahn, Robert Struder, Peter Wolf, who called him regularly. Even Bernanke, Volcker, Summers, Peter Orszag, Christian Noyer, Jesse Ventura, Ron Paul have all called him.
- Ventura loves him. He talks to people like Prime Minister Cameron, Angela Merkel, President Obama, then co-hosts a meeting with Foreign Ministers with the Swiss Government and excluded the Germans, Americans, French, Italians and the British.

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

- He has told Berlusconi that he is going to sue him. He kicked Jay Rockefeller's ass into the street at Monaco. In other words, he has told them that they are out of this. Keenan is a man who should never be crossed.
- He is a pit bull and when he clamps his teeth on your ass, he is going to rip chunks out of it. It was Bill Clinton who told him that "more money has been paid who you will never know" to make sure Dam never gets out of prison alive. Keenan is fearless, tough, smart and very well connected.
- I was talking to him on Skype two nights ago, and groups of Finance Ministers call him as Stanley can tell you, we were on Skype together when the Finance Ministers from Russia, Finland, Iceland, Norway and Costa Rica called.
- Around 80 Governments have already signed the Memorandum of Accord of Monaco with Keenan and nobody is going after your position except Sale who claims to be the Chairman of OITC.
- Of all these people, not one intends you harm, but not one recognizes you as having any authority whatsoever. While I was writing this letter, I was listening to a conversation between Neil Keenan and the Chancellor of Exchequer, George Osborne.
- Osborne just said that the Fed shut you down years ago and OITC was an illegal operation. I have told you before that Governments make the laws, the Feds make their rules. Ray, I am your friend and brother, so I am going to tell you straight, just as I need to do.
- You know me. There is a time to pander your ego and there is a time to tell you as it is. This is a tell it as it is time.
- It is not you that Keenan and I are after. The Feds and the Rothschilds are the ones who want you dead.
- Keenan and I are the ones who blocked them from achieving what they want. You have no idea what was going on. Sale fucked you over.
- We are after Sale and then we will take down the Fed System. That's who has screwed you not me and Keenan.
- We know exactly how to do it and are already well underway with out plans. You have no idea what we are up to and you have no idea how good we are at this shit. Good enough to have 74 Governments (including China, India and Russia as well as countries like Norway, Australia and New Zealand sign on with us. Also, all South American and Central American Countries).

AMANA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

- Good enough to have the Swiss Government support us. Good enough to screw the whole damn system, and it all started with Keenan howling for your blood along with that of OITC and David Sale.
- I am the one who turned all this around not you. You have done nothing but fuck up since you got in jail. You don't know where we are at and you don't know how things are changing. The accounts will have competent people running them, they will be used for the purpose that was originally intended.
- Keenan and I can't join you, but you can join us and go after the bastards who screwed you. I know what you believe and you want others to believe, but you have no idea as to what is happening, no idea what is going on.
- The account will be brought under proper control, the Governments have signed an accord on that, and it does not include you. You have signatory control over the accounts, but the problem is they are almost a myth today and within three months what was in them will be no more.
- If you do not join us that is your choice. The consequences are yours too because I can do no more to protect you, not just because I would, but because there would be nothing, left that I can do. Wake up and realize where you are at.
- I can tell you that the Swiss will not allow any use of the accounts at the moment. Villager has been called into Calmy-Rey's office and told if there is any further use on the accounts he is going to jail. The Swiss Government who holds the protective has had a gutful.
- They are backing Keenan. We are not going after you, but we are going to bring this whole house of cards down. Don't be in it when we do.
- I love you like family and we have had a long time together. We can all make serious money together. That is a fact. I do not want to see you keep screwing up, I want to see you have success I believe you have earned.
- You need to realize who your real friends are. I realize that this letter is going to piss you off! I cannot help that. I have to say what I truly believe and what I know, because if I do not tell you the truth no one else will. Keenan, Stanley and Sovann and I are the best friends that you have in this world.
- There is little you can do for us, but there is a lot we can do for you. We have a long history together and we have been through a lot together. Let's keep it that way.

Love and regards, Keith

Dear Ray,

Another lousy letter for you. There is no point in me pissing in your pocket and being nice when what you really need is a good kick in the ass. I don't need to know who you are; I already know that. What I need to do is get your head straight. We are offering you a chance to solve your problems and you are too dumb to realize that. Stanley, Keenan and I are your only chance.

If you want to live in a fool's paradise, then go ahead. But first you need to know the whole world sees you as a con man and a fraud. Every Finance Minister from the Chancellor of the Exchequer in England to the Finance Minister in Liberia regards you as a mere con man.

Every Banker and major businessman in the world from Robert Murdoch to Robert Studer (former Chairman of UBS), Peter Wolf (Chairman of UBS Americas) regard you as someone used, set up as a figure head with no real authority. Every senior banker sees you as a nobody, a con man who was set into a position as a figure head and a patsy.

So, wake up and start getting real.

I know you hate hearing this. While you are a nobody as far as all these people are concerned, 80 Governments have signed the Monaco Accord and people like Rupert Murdoch, Robert Studer, George Osborne are joining with us. We are going to turn things around and you have no idea how we are doing.

These Governments are now backing us because they know we are right and they know what we are doing. My name is respected because I do what is right, just as I am doing now. I have worked my ass off trying to protect you and help you. Your problem is you're so far up your own ass, I can't find you.

I am not doing this because we need you. You have little to offer and nothing we can't get from far more credible sources such as Osborne and Studer. I am doing this because you need someone to kick you hard enough for you to stop living in a fantasy world.

We know you have a lien on the Federal Reserve and we know that it extends to the top 25 Banks. So what? What have you ever earned from it? Nothing. You have a lien, so what. It is not there for your benefit; it is there for theirs.

You have a contract. Well, you had one in 1995 and they tore it up and kicked you to the middle of nowhere. Keenan and I put a plan together that will work. You have no idea what we have done or achieved, or even why it will work.

You could have been out of Cambodia with all your bills paid and problems solved and with a huge load of money SIX MONTHS AGO. The reason you are still there and still under pressure is because you are so bloody smug and smart that you tricked yourself since 1995.

In the last 24 hours I heard the following while I was chatting with Keenan when these calls came in. Stanley was too:

- From Mr. Nicholson, Canadian Attorney General..."Ray Dam is just a con-man, he is a crook."
- From George Osborne, Chancellor of the Exchequer of England..."Ray Dam is a nobody, he is just a con-man."
- From Rupert Murdoch..." Ray Dam is just a con-man, a nobody with a huge ego, but cannot do anything."
- From Silvio Berlusconi, President of Italy..." Ray Dam, he is a nobody, he is nothing and can do nothing."
- From Robert Studer..." He was appointed as a figure head and was set aside as soon as he was appointed. He was used and in turn he used people. Just a con-man."
- From Christine Lagarde, Head of IMF..." He is just a con-man."
- Micheline Calmy-Rey, President of Switzerland..." Ray Dam is just a con-man, he has no influence, he is nobody."

Everyone that Keenan talks to on any subject and there are many things he talks about, but he also simply asks what they know of Ray Dam. All of them come back with the same answer or similar. OK, so they all say that you're a nobody who can do nothing. We don't totally accept that.

All the countries who attended the Monaco Accord Conference regard you as a nobody and as a crook who can do nothing. In the meantime, I am out working in the real world and not some sick fantasy. You do have your trading license and you do have a lien.

But what you do not know is what we are doing and how we intend to do it. You say we cannot. We have 80 major world Governments who have looked at our plan and they like it because, like us they know we can do it. In the meantime, we cannot find anyone who knows about these accounts that believes in you.

Love and Regards, Keith Scott

PS: Wake up Ray. There is still opportunity out there for you, but not while you have your heads in the clouds.

Hi Hobie, [Keenan RMN 11/23/11 posting]

What do you think of the complaint? I think rather than make people wonder what this case is about it should be printed and released to the Public...So attached is the complaint filed by me yesterday through my attorney Bill Mulligan. It is only fair that they see what has been talked about for so long. It has been very hard, but it is final and it is backed by evidence at every step.

Please print the complaint, it is public record, and hopefully everyone who had doubts can review it and can see exactly what was happening, but at all times realize that there are lots more behind it.

All the best to you and all Hobie. Two years of hell has culminated in this action and now the naysayers, especially Crayfish best remain silent or there may be another name included as Defendant.

Thanks, Hobie, Neil Keenan

By Benjamin Fulford November 24th, 2011

A lawsuit was filed today November 23rd U.S. Time) that could end the Secret Government that has ruled western civilization for at least the past 300 years. The Lawsuit claims that \$1 Trillion was stolen by, among others, UN Secretary General by Ban Ki Moon and the UN, former Italian Prime Minister Silvio Berlusconi and the Italian Government, Giancarlo Bruno and the Davos World Economic Forum and others believed to include many of the owners of the US Federal Reserve Board.

The lawsuit was filed in New York by Neil Keenan, acting as representative of the Dragon Family, a reclusive group of wealthy Asian Families. This filing is the result of extensive evidence gathered by international police and law enforcement agencies including Interpol, the CIA, the Japanese Security Police, Eastern European Secret Services and has the backing of the Pentagon, as well as the armed forces of Russia and China.

- Dear Ms.....

I thought it might be important that you have the following complaint filed against many governmental and private organizations including one OITC and Ray C. Dam. I understand that you lost an enormous amount of money with Ray C. Dam so with this complaint you must realize that Ray has money as he has been telling people throughout Europe.

Wishing you the best, Neil Keenan

Dear Nelu,

Attached is the complaint filed by Neil Keenan. We will be trying to recover the money for Indonesia. As you know, this has been a dream of mine for many years.

It will be what the second part of the action is. You will be head of the Indonesian Operation for the Foundation to control these funds, just as we promised.

Cheers, Keith

BREAKING, from Amon: (Amon Christenson—AC/DC is Keith Scott's alias)

Jean, I have watched you blog from time to time and I am very comfortable with what you do. What I am writing now may . . . be published.

A couple of things you should know that will be helpful to your readers, this being a first.

I was told this morning by one of my counterparts that Keenan lawsuit has been temporarily withdrawn without prejudice. I think this was smart of Keenan as there is an entire raft of new information that has recently been discovered in Indonesia and this will change the structure of the case into something ten times worse for the Cabal.

There will be additional defendants and the impact of the case will become even far more explosive. When the withdrawal was made, Judge Furman knew it was going to be refiled and ordered that it be heard only by him.

That is very unusual and very telling. Furman has made it clear that he has replaced Judge Holwell to hear this case and only he will hear it. The case will be refiled and the information it contains will shock America.

Blessings,
Amon

Now, here is Amon's original comment:

The Lien document you see on Divine Cosmos is an administrative claim that substantiates the actual Lien. The Affidavit of Obligation that you see is merely the substantiation of the claim the Lien is based upon and it is directed to the Feds themselves.

Allow me to explain some background here. The Keenan case started over a theft. Stealing from Keenan was a really foolish thing to do, for anyone who knows Keenan (I met him several months ago in China, and I was there when he told Jay Rockefeller to take a hike in Monaco) should have known that Keenan was never going to allow anyone to get away with that.

In the process of going after those who stole from him, Keenan met up with Scott who has worked around these accounts for years. With Scott comes the knowledge of the accounts. From the knowledge of Scott and with his help, Keenan acquired all the books, ledgers and codes held by those who own the gold that the Federal Reserve leases.

When the owners of the gold and the owners of the accounts that the gold is held in (Scott knows these people and the accounts intimately) realized that through this case they could get the Feds to pay what they had withheld for the past eighty years, they appointed Scott and Keenan and empowered them with full power of attorney and right of control, to have them to recover what the Feds and the Rothschild owned Global Central Banking system had not paid to them as was promised.

The Liens are for real. The process they are using may not be well known to most people, but it is the most devastating process in existence. These men know exactly what they are doing and they are being well guided in this by Winston Shrout, a person who has been teaching the basis of commerce and law in seminars all over the world. Everything they do is well planned and then executed with precision.

While the Federal Reserve might argue with this, be sure that Keenan and Scott have such a hold on this gold now that they can pull it out from under the feet of the Feds in a heartbeat. They know how to do it. The question now is, can the Feds now pay the back interest that is owing. The answer to that is...of course they cannot... The Federal reserve at the end of the day, is just another private company and its debts are NOT the debts of America or the American taxpayer.

What we are looking at folks, is the demise of the most vile and corrupt institution ever put on Earth, and not just because of Keenan and Scott, but more so because of their own corruption and abuse of the power they were given.

Amon Christenson. (aka AC/DC, Keith Scott)

When I emailed Amon privately to ask if I might post his Comment, I also asked him, since his name is completely unknown to me, if there anything he could/would share about himself that might help folks to understand how he has come to this knowledge. Here is his response to us:

I am a Guardian of the global accounts assigned by certain National interests who are unhappy at how these accounts have been abused and misused. My main function is to observe and report, but never to intervene.

Over many years I have watched one-man struggle to force this to the surface. He is measured in what he does, but over a long period he has created problems for the cabal and has suffered from all kinds of attacks on his character, but while he is a quiet

and rather reserved man, he is as tough as they come. To him, being listed by the cabal as an economic terrorist, which I suppose he is as far as the cabal is concerned. Not one of the cabal thought or dreamed that he would team up with Keenan, and it is the teaming of these two men that has the cabal so jittery.

Keenan is incredibly aggressive, the kind that takes no prisoners. Scott is a gentle soul, a gentleman through and through, but he understands very well what can be done here. The shudder that went through the cabal when they learned Scott and Keenan were together was violently audible.

They realized Scott would use the Keenan case as the platform through which he would expose them totally. From that point on, the cabal have thrown one offer to settle after another at Keenan, the last being a fantastic sum of money to just go away. What they have not yet offered is a solution to the wrongs committed by banks everyday as they rob ordinary people.

I know Scott and have been observing him and what he did at OITC for over 15 years. I have never met him personally and I have never spoken directly to him. This, I can say about him. Never once did he betray the trust placed in him and there is not one instance of fraud can be leveled against him.

I have met Keenan twice, and he is tough. This is the kind of guy who would willingly use a baseball bat when he could not beat you with his fists. I was a mere three or four feet away from him in Monaco when he confronted Jay Rockefeller who demanded entrance to the meeting of Finance Ministers at the Monaco colloquium. I later met him for an hour in China. A very tough character and very well connected.

Scott is a friend of Winston ShROUT, they met in Cambodia a few years ago and exchanged views on many things. Each has the utmost respect for the other and they are really the best in the world at what they do. There is no doubt in my mind these people will win.

Blessings, Amon. [aka Keith Scott former Keith Scott, the OITC's "Chief of Cabinet" and "Special Envoy and Executor for His Excellency Ray Cchat Dam]

Actually, there were several of us who received the email from Keith Scott, and when Drake called me about it, I told him I felt there was no way Neil wasn't an honest broker. Neil shared a lot of the following info with me, but I could not follow up on it because of other responsibilities. Drake took the lead and got into direct contact with Scott, and now he's done a great job of putting the picture together with clarity – a difficult job – and ending this nonsense and the would-be careers of these sick wannabes. ~J

The Rest of the Story...

>>>Due Diligence Alert<<<

Hang 'Em High

A few days ago, I received an email with attachments from Keith Scott basically complaining about Neil Keenan and hoping to get some recruits for his team. This letter was about Keenan being dismissed from the Soekarno Trust and the Amanah refusing Keenan's presence.

It talked about the Liens, Abe Stanbouli's supposed arrest, and the fact that Keenan lied when he said that Stanbouli was detained in Singapore. I read that Keenan is a big liar referring to Alex Le Ling Soon's case, and finally he tried scaring me by saying that Keenan's case is no good without him and his group.

Soon after this I received a call from Wagoner, Scott and Winston Shrout, all complaining about Keenan. Wagoner told me Keenan was ruining his reputation and was cursing about it. Scott voiced the same opinion as Wagoner, stating Keenan was nothing and causing problems. Although Winston agreed, he expressed his objections much better and held a civil tongue.

I did my due diligence as Scott suggested. I advised him that the Soekarno Trust Mandate had expired in 1998. The Amanah has to be accepted by the BIS, World Bank, Government of Indonesia, UBS, and many International Agencies.

That they would have licenses from all the above if they are the Amanah. We know who the Amanah is and he has nothing to do with Scott. I asked for these documents during the call and have not heard from Scott's team since.

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

So, if there is no Soekarno Trust Mandate and Scott's Amanah is not the rightful Amanah, then this means Scott and his group have nothing but falsely filed claims in the US District Court. Keenan already withdrew from those liens seeing as he knew about all this. So, this leaves Winston and Scott holding fraudulently filed liens.

I would think Shrout would know better.

Then there is Abe. It was Wagoner who emailed Martha Wibawa saying Abe might be in jail because Abe never came out of the Singapore Central Bank. Scott was speaking to an attorney named Stanley Hoop who said Abe was in jail facing 15 years.

They were playing a game, but Keenan considered Abe a friend and was trying to find a way to help him. They claim Keenan lied by mentioning Abe's name yet Keenan never says anything bad about Abe. Keenan was worried about a friend at the time, but no longer considers him one.

Now we have Singapore and Alex Le Ling Soon. Wagoner told Keenan he knew Alex before he did, if so, why did Wagoner need Keenan's people to help? Alex Soon did not want to see Wagoner. In a call one of the principles said that they had to plea for Alex to see Wagoner.

Wagoner made his presentation and Alex told him he did not like it and it was old. He asked Wagoner what he thought about Neil, and Wagoner called Keenan a fool. Soon said hard headed but not foolish, Neil's package was more creative and the only one so far that had a chance to help Edy Seno.

Wagoner then asked for \$100,000 to do his financial package and was denied. There was no mention of Alex Soon giving Keenan \$35,000 or any amount. Wagoner did not have funds to leave Singapore so Alex bought him a ticket to Hong Kong.

Wagoner's version of events is inaccurate and the attempt in Singapore was to remove Keenan from the picture, which was promoted by Scott and Wagoner. Wagoner and Scott say Stanley worked with them as the third party in this.

This leaves the C & D (cease and desist) issued by Edy Seno to Neil Keenan. Seno, the head of the Soekarno Trust, was in the hospital and no one could see him.

Wagoner called Soon's right hand man Chee who is very close to someone Wagoner knows asking for Jack's (Indian) number, calls Jack and tells him that he had spoken to Nelu, and got the number from Nelu. Wagoner tells Jack that Neil Keenan can't help anymore so they need to get Keenan off the C & D immediately.

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

Peter Wagoner had not spoken to Nelu, Nelu did not approve anything, and Jack and Wagoner went to the hospital together and [attempted] to have Seno to sign the C & D. [Seno signs with his Thumb Print not just his signature].

To this day Seno is confused as to what happened. Peter Wagoner, Keith Scott, and Abe thought they had won when they got the C & D but underestimated Neil Keenan. I was told to do my due diligence; I am doing that and then some.

I spoke with the president of a large organization who willingly discussed the Keith Scott situation with me, telling me that while Keenan was trying to complete a deal, Keith was trying to do a secondary deal behind Keenan's back.

Keenan knew he was doing this, warned the principle, and sure enough Scott's people screwed that deal up as well. That was an O.I.T.C. guy named Ron Ferguson, and I heard that Scott and Ferguson have no idea how to handle a transaction.

At the same time, Keenan had to return home and Scott took over the Singaporean Dollar deal, immediately going after Keenan's position in this. He tried hard to move Keenan out, but the BIS closed Scott, Abe and their Amanah down. They tried working things out without the foundation/organizations approval and were shut down.

As Scott said, they had nothing. The same foundation did a complete background check on Scott using the federal system, finding what has been said to be true. The foundation is disgusted with Scott, what he has done with children and never wants to hear from him again.

This was a systematic effort to remove Keenan from everything. Wagoner is a broker, not a Rockefeller, his mom is not Rockefeller's sister, and he is not a lawyer, just a wannabe. He screamed and shouted about how Keenan was treating him. Scott thought he had a fantastic plan to rid himself of Keenan, putting himself in charge, and he ended up with nothing but failure.

Keith Scott is the liar, as the saying goes between Wagoner and Scott, 'one lies and the other swears to it'. What they failed to realize is that Keenan baited the trap and they bit, that Keenan was always a couple of steps ahead of them. This is about the legal money they tied up in Indonesia, the money that was to be used to finance the lawsuit.

One final note, Keith Benedict and Terrance Wayne from London, working with Tonni from Indonesia (all Pakistani), are involved in this scam and are all informants. Apparently, they are working for the Cabal. I hope this clears the air and explains the things few others know about.

[More disinfo related to Keith Scott, September 28, 2012](#)

Posted on [September 28, 2012](#)

There is a post that showed up on [FourWinds10.com](#) on which I would like to comment. First of all, this site is one I believe to be loaded with disinfo. Secondly, it was taken from [Ben Fulford's Blog](#) site, where it was posted, but not by Ben, on September 14, 2012. Ben even posted this statement, but I do not see it on the FourWinds10 site:

"The letter you saw on fourwinds10 was not written by me. It seems to be a summary of things that have been written by me and others together with a few new bits blended in. Somebody may have posted it on my blog but I did not write it.

Benjamin Fulford 古歩道ベンジャミン 090-3439-5558

(It is my understanding that if someone knows what they are doing, it is possible to do this.) While Ben did not introduce this article, it subtly appears that he did. It is also signed on Ben's site, but not on the FourWinds10 site: Blessings, Senior International Finance official.

Whoever posted this article appears to be a benevolent individual with only the best interests of the people of the planet at heart, but I immediately see it as disinfo, which FourWinds10 may or may not understand. Without going into a line-by-line detailing of the subtle disinfo, let me say the most striking thing to anyone should be the fact that whoever is writing this is trying to link Neil Keenan with Keith Scott, and this alone is a red flag.

The title of the article is blatant in this regard: Neil Keenan and Keith Scott. Neil Keenan has publicly disavowed Keith Scott, and with good reason, who is in no way a part of the Global Settlements case, and he did so way back in August. Keith Scott is not a signatory to this, and Neil has said that he never will be. After such a public disavowal, which necessitated the airing of a lot of dirty laundry, I wonder why would someone try to link these two together. Something is clearly not right here, and if I had time to deal with the facts as stated here, they would clearly bear this out. Do we really want to spend time on a post like this? Is there anything more to be said?

*Hugs,
~Jean*

2-17-12 UPDATE by David Wilcock... "SIX TRILLION IN "FAKE" FEDERAL RESERVE BONDS SEIZED IN ITALY" and "Lord James of Blackheath" Speech

[This article on zerohedge directly quotes from FINANCIAL TYRANNY](#) — including pictures of the Chicago bond chest we published here exclusively. The chests seized in Italy are essentially identical — albeit much newer-looking.

We are investigating this story through the various contacts available to Neil Keenan and Keith Scott — specifically to discern whether these are, in fact, real bonds or elaborate fakes.

UPDATE FRIDAY 2/17: SIX TRILLION IN "FAKE" FEDERAL RESERVE BONDS SEIZED IN ITALY

February 17, 2012

The global media (outside the US) has literally exploded with news about the largest seizure of counterfeit bonds in history — six trillion dollars. The pictures are stunning. They look like everything else we have covered in this investigation. There are literally dozens of different articles being written about this.

15 TRILLION DOLLARS AND 759,000 METRIC TONS OF GOLD

We are also investigating another story that has erupted at the same time — Lord James of Blackheath, in the UK Parliament, discussing "15 Trillion Dollars and 759,000 Metric Tons of Gold."

[Video Footage of Blackheath's Speech](#) (Begin Watching at 17:20)

Official Transcript of Blackheath's Speech

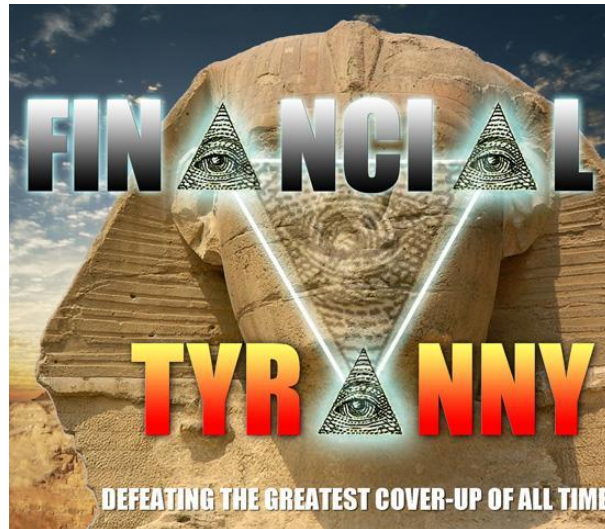

The timing of BOTH of these stories is very encouraging. FINANCIAL TYRANNY is now the defining standard of investigative journalism into this subject. Now that Zero Hedge has picked up our story, and pointed out our identical Chicago bond chest pictures, how much longer can the rest of the media refer to these cases without mentioning our investigation — or the Keenan lawsuit?

Whether by synchronicity or deliberate intent from insiders, these events are causing many more people to ask questions — and when enough people begin investigating this subject, the truth will automatically prevail.

Lord James of Blackheath – UPDATE February 16, 2012

Lord James of Blackheath – 15 Trillion dollars and 750 thousand metric tonnes of gold

Breaking news Lord James of Blackheath has spoken in the House of Lords holding evidence of three transactions of 5 Trillion each and a transaction of 750,000 metric tons of gold and has called for an investigation.

16.02.2012 17:37 in Lord James of Blackheath [Unofficial Transcript of the speech by Lord James of Blackheath, in the Lords Chamber of the House of Lords, London, on 16 February 2012]

I'm going to start with my conclusions, but I'm not going to sit down when I've made them. Because I'm then going to give you the evidence to support them and hopefully present to you the reasons why I want support for an official inquiry into the mischief I want to unfold to you this afternoon.

My lords, I have been engaged in pursuit of this issue for nearly 2 years now, and I'm no further through to getting to the truth. I think there are three possible conclusions that may come from it:

First, I think there may have been a massive piece of money laundering committed by a major government which ought to know better and that it has effectively undermined the integrity of the British bank the Royal Bank of Scotland, in doing so.

The second alternative is that a major American department has an agency that has gone rogue on it because it has been wound up and has created a structure out of which they are seeking to get at least 50 billion Euros as a payoff.

And the third possibility is that this is an extraordinarily elaborate fraud which has not been carried out but which has been prepared in order to provide a threat to one government or more if they don't pay them off. So, there are three possibilities and this all needs a very urgent review.

My Lords, it starts in April and May of 2009, with the alleged transfer to the United Kingdom, to HSBC of a sum of 50 trillion dollars and seven days later, in comes another 50 trillion dollars to HSBC, and then 3 weeks later another 50 trillion. 5 trillion in each case. Sorry.

A total of 15 trillion dollars is alleged to have been passed into the hands of HSBC for onward transit to the Royal Bank of Scotland and we need to look at where this came from and what the history of this money is. And I have been trying to sort out the sequence by which this money has been created and from where it has come from for a long time.

It starts off apparently as the property of a man called Yohannes Riyadi. Which has some claims to be the richest man in the world. Well, he would be if all the money that was owed to him was paid, but I have seen accounts of his showing he owns 36 trillion dollars in a bank. And it is a ridiculous sum of money.

On the other hand, the 36 trillion dollars would be consistent with the dynasty from which he comes and the fact that they had been effectively the emperors of Indo-China in times gone by. But a lot of that money has been taken away from him with his consent by the American treasury over the years for the specific purpose of helping to support the dollar.

He has sent to me a really quite remarkable document which is dated in February 2006 in which the American government, according to a meeting with the Federal Reserve Bank of New York, which is neither a Federal Reserve, nor a Bank. It's a bit like celebrity big brother. It's got three names to describe it and none of them are true. And this document, which is quite astonishing, purports to have been a meeting.

It is witnessed by Mr. Alan Greenspan, who signed for the Federal Reserve Bank of New York, of which he was chairman, as well as the real Federal Reserve Bank in Washington. And it is signed by Mr. Timothy Geithner, as a witness on behalf of the International Monetary Fund who sent two witnesses, the other one being Mr. Yusuke Horiguchi and these gentlemen have signed as witnesses to the effect that this deal is a proper deal. There are a lot of other signatures on here as well.

This is not a photocopy. This is an original version of the contract. Under which the American treasury has apparently got the Federal Reserve Bank of New York to offer to buy out the bonds which have been issued to Mr. Riyadi to replace the cash which has been taken from him over the previous ten years and they're giving him 500 million dollars, as a cash payment to buyout worthless bonds.

Now this is all in the agreement and it's very remarkable. I would have thought that establishing whether this is a correct piece of paper or not is just 2 phone calls away.

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

One to Mr. Geithner and one to Mr. Greenspan. Both of whom still prosper and live, so they could easily confirm whether they signed this.

Mr. Riyadi has, by passing these bonds over, also put at the disposal of the U.S. Treasury the entire asset backing which he was alleged to have for the 15 trillion. I now have a letter here — from the Bank of Indonesia, which says that the whole thing was a pack of lies. That he did not have the 750,000 tons of gold, which was supposed to be backing it. He only had 700 tons. And this is really a piece of complete fabrication.

Finally, I have a letter here from Mr. Riyadi himself, who tells me he was put up to do this and that none of it was true and that he has been robbed of all his money and I'm quite prepared to recognize that one of the possibilities here is that Mr. Riyadi is himself putting this together as a forgery in order to try and win some recovery back.

But it gets more complicated than that. Because each of the 5 trillion payments that came in has been acknowledged and receipted by the executives at HSBC and again receipted by the executives at the Royal Bank of Scotland. And I have a set of the whole of those receipts for all of this money. Why would any bank want to sign 5 trillion dollars' worth, 15 trillion totals, of receipts if the money didn't exist?

The money was said to have come, first of all from the Riyadi account, to the Federal Reserve Bank of New York, and from the Federal Reserve Bank of New York it was passed through JPMorgan Chase in New York for onward transit to London. The means of sending it was a SWIFT note, which ought to have been registered with the Bank of England if it was genuine. So, when this happened and came about, I first of all took it to my noble friend Lord Strathclyde and said, "what do we do with this"?

He said, give it to Lord Sassoon, he's with treasury. So, we did and Lord Sassoon looked at it and said immediately, "This is rubbish — it's far too much money, it would stick out like a sore thumb and you can't see it in the Royal Bank of Scotland accounts". Quite right.

Secondly, he said, "The gold backing is ridiculous, there has only ever been 1,507 tons of gold mined in the history of the world, so you can't have 750,000 tons" [Editor's Note: The 1,507 tons is not correct, but the number is still FAR smaller than the 750,000 tons -- somewhere around 150,000 metric tons].

This is true and the third thing he said obviously was, "it's a scam", and I agree with him. It was a scam. The problem is we stopped looking at that point. We should have asked, what is the scam? Instead of, at that time, just nodding it off. And we have never really resolved this, because today, I have this piece of paper.

Which is my justification for bringing it into this meeting today, which is available on the internet and I'm astonished that it hasn't already been unearthed by the treasury and

every alarm bell in the land should be ringing if it has. Because this is the general audit office of the Federal Reserve...the real Federal Reserve in Washington. And its audit review in the end of July of 2010 on the Federal Reserve Bank of New York. It has on it, some 20 banks listed, to which 16.115 trillion dollars are outstanding in loans. My Lords, that is the sore thumb that was being looked for by Lord Sassoon.

But more particularly there are two other very interesting things in this. The first is that Barclays Bank got 868 billion in loans, the Royal Bank of Scotland has got 541 billion, in which case, one has to ask, is that they could have earned in three weeks, enough to pay off their entire indebtedness to the taxpayers of Britain, why they have not done so and can we please ask them to put a check in the post for the whole 46 billion.

And the third thing that is wrong with it is that every bank on this list, without exception, is an MTN-registered bank. Which means they are registered to use the medium-term notes to move funds between themselves with an agreed profit share formula. In which case these banks are investing this money and most extraordinary, not a penny of interest does the Federal Reserve Bank want paid on this vast amount of 16 trillion.

Anyone amongst yourselves who knows what the IMF rules for financials are will immediately smell a rat. Because the IMF has very strict rules for validating dodgy money. There are two ways of doing it. You either pass it through a major central bank, like the Bank of England, who have apparently refused to touch this.

Or alternatively, you put it through to a bank which is an MTN trading bank. Which is then able to use the funds on the overnight European MTN trading market where they can earn between 1 and 2.5% profit per night. And the compound interest on that is huge. So, there is a vast profit being made with this money somewhere if it is in fact genuine.

So, my Lords, I believe that this is such an important issue now that I've put everything, I've got on this subject into a 104-megabyte memory thumb. And I want the government to put this to some suitable investigative bureau and take everything I've got on the subject and find out what the truth is about what is going on here because there is something very seriously wrong.

*Either we have a huge amount of tax uncollected on profits made, or we've got a vast amount of money festering away in the European banking system which is not real money, in which case we need to take it back. My Lords, I ask for an investigation and please support my plea. **Lord James of Blackheath***

Historic Tehran NAM Summit – by Stephen Lendman, August 28, 2012

Posted on August 29, 2012 Source: [Veterans Today](#)

After the UN, the Non-Aligned Movement (NAM) is the most important world body. Hopefully its 16th summit will infuse it with new life. As host, Iran has a historic opportunity. At the same time, it can enhance its own prestige and enlist support against hostile Washington/Israeli designs.

August 26 began six days of sessions and discussions. Proceedings began with an experts meeting. During the opening session, Egypt's permanent UN representative, Mootaz Ahmadein Khalil, ceremonially passed NAM's presidential baton to Iran. For the next three years, Tehran will head the organization.

Hosting NAM is significant. Assuming leadership affords added prestige. Foreign Ministry spokesman Ramin Mihanparast said 118 foreign delegations will attend. Russia and China are there as observer nations. So is Australia. Participants sent 27 presidents, eight prime ministers, nine vice presidents, six special envoys, up to 25 foreign ministers, other high-level ministers, and two kings.

In advance of the summit, a document with 688 articles was prepared. They'll be discussed during the two-day meeting of experts. Topics include international issues, regional crises, human rights, food and health security, as well as matters relating to economic development. Economic issues will be stressed. Plans will be presented to revitalize NAM. Participating delegations will be urged to transform it into a more significant organization by making its "approvals" binding. Since founded in 1961, it's only issued statements relating to world problems.

The [Tehran Times](#) named some of the participating dignitaries. They include:

UN Secretary General Ban Ki-moon, Egyptian President Mohamed Morsi, Venezuelan President Hugo Chavez, Bolivian President Evo Morales, Indian Prime Minister Manmohan Singh, North Korea's parliamentary chairman Kim Jong-nam, Cuba's Raul Castro, Kuwaiti Emir Sabah Al-Ahmad Al-Jaber Al-Sabah, Qatari Emir Hamad bin Khalifa Al Thani, Pakistani President Asif Ali Zardari, Afghan President Hamid Karzai, Tajik President Emomali Rahmonov, Azerbaijani President Ilham Aliyev, Sudanese President Omar al-Bashir, Armenian President Serzh Sarkisyan, Lebanese President Michel Sulaiman, Iraqi President Jalal Talabani, and Zimbabwean President Robert Mugabe.

Despite tensions between the two countries, Saudi Arabia's Prince Abdulaziz bin Abdullah bin Abdulaziz (King Abdullah's son) will attend. He's currently acting deputy foreign minister. Iran has multiple objectives in mind. It seeks support for its lawful nuclear program, peace, and mutually beneficial solidarity. On August 26, Iran's Foreign Minister Ali Akbar Salehi delivered the opening speech. [Press TV](#) said he "called on all member states of the Non-Aligned Movement (NAM) to use their utmost potential and make collective efforts to establish peace and justice in the world." [Click Here](#) to continue reading.

[The Non-Aligned Movement \(NAM\)](#) Background

The Non-Aligned Movement was formed during the Cold War, largely on the initiative of then-Yugoslav President Josip Broz Tito, as an organization of States that did not seek to formally align themselves with either the United States or the Soviet Union, but sought to remain independent or neutral. The basic concept for the group originated in 1955 during discussions that took place at the Asia-Africa Bandung Conference held in Indonesia. The First NAM Summit Conference took place in Belgrade, Yugoslavia, in September 1961.

At this meeting, participants discussed the goals of a policy of nonalignment, which were adopted as criteria for membership. These were as follows: The country should have adopted an independent policy based on the coexistence of States with different political and social systems and on non-alignment or should be showing a trend in favor of such a policy; The country concerned should be consistently supporting the Movements for national independence; The country should not be a member of a multilateral military alliance concluded in the context of Great Power conflicts; If a country has a bilateral military agreement with a Great Power, or is a member of a regional defense pact, the agreement or pact should not be one deliberately concluded in the context of Great Power conflicts; If it has conceded military bases to a Foreign Power the concession should not have been made in the context of Great Power conflicts.

Warning: Get Your Money Out: "All Legal Bank Deposit Protections Are Now Officially Gone"
August 13, 2012

Former moneyx Ann Barnhardt, who in November of 2011 made the decision to cease operations of her brokerage firm and return funds to her customers citing "systemic" problems within the entire financial industry, has issued a new warning about the stability of US banks and the safety of individual deposit accounts.

The warning, stemming from a recent federal appeals court ruling surrounding customer funds lost during the 2007 collapse of Chicago futures broker Sentinel, indicates that individuals who lose deposited funds because a financial institution improperly manages that money, even if those funds are supposed to be "segregated" from other operations of the firm, are essentially left with no recourse if the firm goes belly-up.

According to the court, a misallocation of those customer funds, "is not, on its own, sufficient to rule as a matter of law that Sentinel acted 'with actual intent to hinder, delay, or defraud' its customers."

AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

The implications of the ruling, according to Barnhardt, will affect the monies of all private individuals who have seen their deposit accounts wiped out in the collapse of firms like John Corzine's MF Global and put all deposit account holders in the country at risk should their bank be faced with a financial windstorm:

The NFA in collusion with the banksters, government and judiciary have achieved their goal. The entire concept of "customer segregated funds" is officially, completely, legally dead.

Guys, it is OVER. I know that many of you are still cowering in normalcy bias, unable to deal with reality, unable to face the world as it is, but you have GOT to snap out of it. The marketplace is DESTROYED. You CANNOT be in these markets. All legal protections are now officially gone.

The federal appeals court ruled yesterday that not only does BNYM stay at the front of the line, but that using customer segregated funds as collateral is NOT a crime, and that co-mingling customer segregated funds with proprietary funds is NOT fraud.

What this means is that even if Jon Corzine is somehow dragged into court by private citizens, because you know damn good and well that the Justice Department will never, ever touch him, Corzine now has a legal precedent, likely from a bribed or otherwise coerced Federal Appeals Court, explicitly stating that an FCM can use customer deposits to pay its debts, and that the customers themselves are subjugated and have basically no legal right to their own monies, no matter what the law says, or what legal assurances, claims or guarantees are made to that customer about their funds held with an FCM or any other brokerage or depository institution.

The "secured" party at the front of the line will always be the mega-bank who made the fraudulent loan using the stolen customer funds as collateral. In other words, all customer funds in the United States are now the legal property of JP Morgan, Goldman Sachs, BNYM, or whichever megabank is the counterparty on the loans the FCM or depository institution takes out in order to fund its mega-levered proprietary in-house trading desks. Source: Ann Barnhardt via Steve Quayle

The ruling is specifically designed to protect large financial institutions that have (purposefully) mismanaged customer funds and used the hard-earned life savings of Americans to gamble on equities, commodities and bond markets.

If those firms happen to make the wrong bet, as MF Global, Sentinel and a handful of others have recently done, depositors who have placed funds with the banks under the belief that their bank account is securely protected from trading liabilities are now completely exposed and liable for the incompetence and negligence of those who engage in market trading.

This latest ruling combined with recent actions by the Federal Reserve and other government regulators suggests a massive fraud has taken place and the financial system itself is under extreme strain with the potential to make the financial collapse of 2007/2008 look like just a training exercise.

In recent days, for example, it's come to light that the government has secretly called on the country's five major banks to prepare themselves for collapse by creating stress recovery plans to be used in the event of worst-case scenarios.

A few weeks ago, the Federal Reserve also implemented a new policy for money market funds held by financial institutions. Per the new policy, money market funds, which account for some \$2.7 trillion in deposits across the United States, can be frozen in the event of an emergency or financial panic.

This means that if and when the system does go into a tailspin, at exactly the time people will want to pull their money out of their bank account, they will be restricted from doing so.

These latest actions by government regulators, judges and financial institutions point to one thing: that we have an unprecedented financial collapse in the making. If such a financial crisis comes to pass it is clear that the policies and procedures now in place will transfer the legally owned deposits and money market savings of individual Americans into the hands of the banks at which those funds are kept.

Get Your Money Out.

Consider alternate, collapse-centric investment strategies and what is money when the system as we know it falls apart.

The Neil Keenan lawsuit – appears to be more of a hindrance to the people than to help us. Isn't this about taking down the banking system only to leave the people broke and without ability to conduct their business, with the funds going to Keenan for his purposes and not to benefit the people?

THIS WAS SPOTTED ON NESARA TODAY AND HERE IS THE PROPER RESPONSE:

1). HOW CAN THE KEENAN LAWSUIT BE A HINDRANCE WHEN IT IS ABOUT THE GLOBAL ACCOUNTS AND HOW IT HAS BEEN HIJACKED AMONGST OTHER THINGS?

a) ...It could be a hindrance to some especially those who claim they own them and claim that they have Global assets in their accounts which belong to them but in essence had been swiped illegally from the Accounts to create the downfall of the USSR. Putin is aware of this and the Accounts that were in Wanta's account is now back where it belongs in the Global Accounts. So, this is all about the Global Accounts and the White Hats attempts to steal it. Sorry folks it does not belong to you it belongs to the depositors and not one of you is a depositor but one of you is part of the theft. So how does the lawsuit affect the Global Accounts other than to help it? Maybe KEENAN is a hindrance to the White Hats who are trying to steal it? Then again it is Keenan with the nations behind him not the White Hats!!!

2). How CAN THE KEENAN LAWSUIT BE A HINDRANCE WHEN IT IS NOT ABOUT THE MONACO ACCORDS?

a) ... A few months back there was a You Tube Recording made by the White Hats stating they had 120 nations backing them when in fact they had nothing behind them. Little do you know that White Hat Danny Gamage then started making phone calls asking for help from David and another called me to no avail. They had nothing but they had this You Tube piece that claimed they had it all. More misinformation.

b). It is better people check out the Monaco Accords and nothing else. This is where everything still sits and everything else is misinformation. This is Keenan and nothing more. It was Keenan who was there not any White Hat and their disinformation.

3). HOW CAN THE KEENAN LAWSUIT BE A HINDRANCE WHEN IT IS THE WHITE HATS AND WANTA WHO HAVE NEARLY DUPLICATED THIS LAWSUIT AND FILED IT IN SWITZERLAND?

a). Again, the theft of Keenan's actions by the White Hats.

4)... HOW CAN THE KEENAN LAWSUIT BE A HINDRANCE WHEN HE IS PLACING LIENS AGAINST THE FEDERAL RESERVE BANK'S AND THE EUROPEAN CENTRAL BANKS SOMETHING THE WHITE HATS AGAIN NEVER THOUGHT OF NOR DOES IT INVOLVE THE LAWSUIT BUT THE SOEKARNO TRUST WHICH THE WHITE HATS ONLY DREAM OF EVER GETTING CLOSE TO.

5). HOW CAN THE KEENAN LAWSUIT BE A HINDRANCE WHEN IT FILED A CEASE & DESIST AGAINST THE BANK OF INTERNATIONAL SETTLEMENT MONTHS BEFORE THE WHITE HATS EVER THOUGHT ABOUT IT, FROZE THE TRADING

ETC., MONTHS BEFORE THE WHITE HATS MADE A CLAIM TO DO THE VERY SAME THING?

IT SEEMS TO ME THAT THE WHITE HATS ARE MONTHS BEHIND NEIL KEENAN AND KEENAN IS ONLY ONE PERSON. KEENAN WILL BE SUCCESSFUL AND WILL HELP THE PEOPLE BY RELEASING THE GLOBAL ACCOUNTS THROUGH THE SOEKARNO TRUST THEREBY OPENING UP NOT ONLY THE BIS BUT THE BUNKERS AND WAREHOUSES THROUGHOUT ASIA FOR HUMANITARIAN PROJECTS. THIS IS POSITIVE AND IS THE ONLY WAY ANYTHING WILL EVER HAPPEN. THE WHITE HATS ATTEMPTS AT STEALING WHAT BELONGS TO THE GLOBAL ACCOUNTS WILL NEVER HAPPEN AND IS JUST CONTINUOUS MISINFORMATION.

Now about that lawsuit. That lawsuit can put most of the cabal in jail. It can expose many a secret. It can open up the Global Accounts and it can open up legal trading and Humanitarian Projects. Now where do you hear anything about this from the White Hats? Their theory is let us steal the Global Accounts and we will give you what we decide you need. Not a nice picture when you really look at it is it?

THE HINDRANCE IS THE MISINFORMATION OF THE WHITE HATS TO THE PEOPLE AT LARGE. IT HAS HAPPENED AGAIN AND AGAIN AND IT SHOULD BE STOPPED SEEING THEY ARE CHASING RAINBOWS.

I note that The White Hats flip as often as pancakes. The posts about the above seem in direct opposition the present report # 47. I offer that I have known who these people were prior to a recent introduction.

Now that this information is out in public, these people should know that no further flip flops are allowed, AND many will be watching to see. I will continue to offer real documentation by posting them on my site, along with the TRUTH about it all.

[The lawsuit that could end the gangster rule of Western civilization](#) November 24, 2011 - Ben Fulford

A lawsuit was filed today (November 23rd US time) that could end the secret government that has ruled Western civilization for at least the past 300 years. The lawsuit claims that close to \$1 trillion was stolen by, among others, UN Secretary General Ban Ki Moon and the UN, former Italian Prime Minister Silvio Berlusconi and the Italian government, Giancarlo Bruno and the Davos World Economic forum and others believed to include many of the owners of the US Federal Reserve Board. The lawsuit was filed in New York by Neil Keenan, acting as representative of the Dragon family, a reclusive group of wealthy Asian families. This filing is the result of extensive evidence gathering by international police and law-enforcement agencies including Interpol, the CIA, the Japanese Security Police, Eastern European secret services and has the backing of the Pentagon as well as the armed forces of Russia and China.

The ultimate defendants in this legal action are believed to be the same cabal behind the assassination of US President John F. Kennedy and many other major international crimes.

This particular lawsuit was triggered by the illegal detainment of two Japanese citizens, Akihiko Yamaguchi and Mitsuyoshi Watanabe, as well as the seizure of \$134.5 billion in bonds they were holding in Italy on June 3, 2009. After the bonds were stolen, self-described 33rd degree Freemason Leo Zagami contacted this writer and said the Montecarlo P2 masonic lodge could cash the bonds with the help of Vatican banker Daniel Dal Bosco. This writer forwarded the information, via a member of the UK Royal family, to the dragon family who entrusted a further \$1 trillion worth of similar bonds to the plaintiff Neil Keenan. Keenan then, after much negotiation, entrusted the bonds to Dal Bosco.

Dal Bosco subsequently absconded with the bonds and was followed 24-hours a day by various intelligence service agents to see what he would do with them. The Dal Bosco trail led to the Davos World forum, the UN, the Italian government and the Vatican, among other places. Following this, Keenan was approached by a who's who of powerful figures including top Vatican officials, Wall Street bankers, European nobles

and former US presidents, most offering him astronomical bribes to go away. He was also poisoned with ricin and nearly killed.

According to Keenan "The roots of this case go back to between 1927 and 1938, when, under arrangements made between T.V. Soong (Finance Minister of China) and Henry Morgenthau, Secretary of the Treasury, The United States Government purchased some 50 million ounces of silver and leased vast amounts of gold from the Nationalist Chinese Government, known as Kuomintang. For all the treasure handed in, certificates were given to those who surrendered their precious metals."

Many of the bonds seized by Dal Bosco are backed with the Chinese gold taken by the Federal Reserve Board during those years and never returned to its legal owners.

Other bonds seized were Kennedy bonds. These bonds were backed by gold held in trust for the people of the planet and were supposed to be used to finance the economic development of the world. Instead, they have mostly been stolen and misused by members of the cabal that has seized control of the Western financial system on behalf of private interests.

The original signatory to the Kennedy bonds was former Indonesian President Soekarno. Soekarno's heir Dr. Seno Edy Soekanto has given Keenan power of attorney to return to their rightful owners the Kennedy bonds and other property allocated to the people of the world via something known as the global collateral accounts.

The lawsuit is only the first salvo in a legal battle to restore control of the global financial system to the people and governments of the world as well as the rightful owners of historical assets that have been seized by members of the banking cartel.

The lawsuit has been filed as Civil Action #8500 at the United States District Court for the Southern District of New York on November 23, 2011.

Background information on the problems with the global financial system:

By Neil Keenan and Keith Scott.

The entire cause of the problem.

The United States is a private corporation owned by the British Crown (Rothchilds), the Bank of England (Rothchilds) and the Vatican (Rothchilds again). It was previously called the Virginia Company until 3/9/33 when it was dissolved by Roosevelt under the Emergency Banking Act. On 5/5/33 Congress elected to dissolve the Gold Standard and Sovereign Authority of the U.S. and all of its official capacities including government offices, departments and officers. The U.S. is a corporation, not a nation. The Federal Reserve is neither Federal, nor a Reserve. It is a private counterfeiting organization run by Jewish bankers who lend the money they print out of thin air at interest while we keep on paying these criminals to fleece the People.

That technology of theft and deception that has been exported from the United States through their promotion of this fraud as the paradigm of global finance is an obscenity that has set the seeds of its own destruction.

This has been compounded by the refusal of ordinary people to realize, know and understand that it is the duplicity of Governments and the deceit and endless greed of bankers that combined to simply fleece them like the apathetic sheep they are. Apathy and ignorance of the truth, creates belief in the lie. The truth is self-evident, but most people choose to neither hear it nor understand it. The debts of the Federal Reserve are the debts of a private corporation that is robbing the people of the United States.

The United States Dollar is a Federal Reserve Note and the obligations against the currency are the obligations of the Federal Reserve, not the people of the United States.

Understanding the History

- 1. Between 1927 and 1938, under arrangements made between T.V. Soong (Finance Minister of China) and Henry Morgenthau, Secretary of the Treasury, The United States Government purchased some 50 million ounces of silver and leased vast amounts of gold from the Nationalist Chinese Government, known as Kuomintang. During this period China was partly occupied by Japanese troops and there was the fear of China being overrun by the Japanese.*
- 2. For all the treasure handed in, certificates were given to those who surrendered their precious metals. The surrendered precious metals and gemstones were sent to the United States under a lease agreement made between T.V. Soong and Henry Morgenthau. The Certificates became the underlying funds of the Kuomintang and were good and accepted securities.*
- 3. In 1934 a new Securities Act was promulgated in the United States, together with the Gold Act, which required all bullion gold and gold coin to be surrendered to the Federal Reserve, a private corporation chartered to operate as the Central Bank of the United States and to be the issuer of the currency known as the United States Dollar.*
- 4. Domestically owned gold was purchased. Foreign Gold held by the Treasury was also surrendered to the Federal Reserve, so, was leased to the Federal Reserve. This began the series 1934 Notes issued by the Federal Reserve. These have never been redeemed and the interest cost was met by further issuances of the 1934 series FRN's.*
- 5. These 1934 FRN's guarantee the lease payments and to allow the Chinese Government to continue financially. These came under the control of the Kuomintang, the Nationalist Government in China from whom the Gold had been received. Many were left in China when the Kuomintang had to flee to Taiwan. The Gold had been nationalized by the Kuomintang who moved much of the FRN's (but not all) to Taiwan, which was built on these notes. These Notes were the underlying wealth of Taiwan and they were good for value as they were backed by gold.*
- 6. During the war in China, most owners of the depository notes issued by Chinese Banks were killed by the Japanese, others later being killed by both the Kuomintang and the Chinese Communists, thus the Gold became property of the Nation, especially so, the Kuomintang. In Europe, Jews who had owned wealth were stripped of that wealth through various means and were then eliminated. The gold was taken either by stealth or by force, that is a reality of history.*

7. The Kuomintang appointed guardians of this Gold and the securities issued by the United States; they are euphemistically known as the Dragon Family. The Dragon Family is in fact an organization that operates between old families within China and Taiwan, and as such is above the political divide of the two independent Chinese Governments. Chinese are remarkable in this regard, that old family ties and functions supersede political arrangements which, though they might last for generations, are regarded as inconsequential over the passage of time to most Chinese. Attached to this is the wealth of several nations.

The United States in support of the Kuomintang and resistance groups actually printed more of these FRN notes inside China itself. These operations were run by the CIA to buy loyalty of various factions in the fight against the communists, eventually being driven out into Burma around 1960. Largely due to the additional printing of these notes, the additional Notes were given in lieu of interest, but directed to specific persons and parties.

8. At the end of the World War II, with Communist and Kuomintang factions at war in China, the International Community and the Chinese assented to the Gold being placed under the overt control of Indonesian President Soekarno. Soekarno then, on August 17, 1945, came to be known as M1 under United Nations Approval No. MISA 81704 "Operation Heavy Freedom. This was because much of the world's gold had been delivered into Indonesia and the Philippines. Canada, Australia, Great Britain, India and other British Colonies sent their gold to the so called "impregnable Singapore."

The Japanese, as per the arrangements agreed to by Hirohito in the 1921 Pact Between Nations made in London, delivered much of this gold to Indonesia (Then a Dutch Colony) and to Philippines (Then a US Colony) into secret bunkers that had been mostly constructed by the Japanese between 1924 and 1945. This is why the Allied troops in Malaya had no air cover or sufficient supplies to that would have allowed them to resist the Japanese. Singapore had to fall so most of the global wealth could be "lost" into a secret system that made the gold standard redundant and fiat currencies a reality.

This gold was documented into accounts through the Swiss Commercial Bank Union Bank of Switzerland, placed under protection of the Swiss Attorney General, registered through the Swiss National Bank into the Bank for International Settlements International Collateral Combined accounts and then from within the BIS, blocked to form the Institutional Parent Registration Accounts of the Federal Reserve System.

Later President Marcos of the Philippines was appointed and held the position of M1 until 1987 and then the position was transferred to Dr. Ray C. Dam, in October of 1987, under Legal Decadency to Heir RCD1087 Far East Entire with formal Power of Attorney and Assignment of Indonesian Assets signed by Sarinah Soetiwi (holder of the assets on behalf of the Nation of Indonesia as assigned by President Soekarno) in 1992, Dam's authority later promulgated January 20, 1995.

Dam proved to be impossible for the entire system to work with, (either because he refused to allow those who placed him in authority to steal, or because of his personal arrogance.... Difficult to know which is correct) and his authority over the Institutional

parent registration Accounts set aside and the system reverted to the three Nations who had controlled these accounts since World war II, United States, Great Britain and France, who systematically and illegally subverted the established system since 1996.

9. From this we can see that there are two functional operations. One was ownership and Depository control by the owners of the Gold and the other a control system set in place to administer and control the Collateral Combined Accounts as an independent Arbiter. Ownership rights are held by the signatory to the Depository Accounts in Commercial Banks and Control Rights have been held by M1.

10. So it was, that the entire world supply of bullion and coinage gold was withdrawn and fiat currencies became the order of the day. However, underneath the notes and money issued by the Federal Reserve was the underlying wealth within a centralized system that Nations was intended to be used equitably, but Bankers determined they would use to raid national economies.

11. In 1963, President John F. Kennedy entered into an Agreement with President Soekarno to provide the funds to allow the United States Treasury to print its own currency, thus subverting the "right" to print the currency held by the Federal Reserve. The Agreement would have transferred some 59,000 tons of gold to underpin this currency. The problem with this was that the US domestic currency would have then been backed by gold which would have been a violation of international agreements meant to stabilize currencies.

11 days after signing this agreement, President Kennedy was assassinated. President Johnson the suspended EO11110 as issued by Kennedy and transferred the bullion to the Federal Reserve. The Green Hilton Agreement was not implemented until 1968 when Soekarno fell from office and when Global Trade made it imperative that the world have a Global Currency. As the Gold had been transferred to the US Treasury in 1968, a series of Bonds known as Kennedy Bonds were issued in order to honor the terms of the Green Hilton Agreement made between Kennedy and Soekarno, the 1968 terms of the gold delivery to the United States being different than made in 1934. When after 30 years, interest had not been paid as promised, a reissue of the bonds in an increased number were issued as commemorative notes and were accepted by the owners of the Gold, the Dragon Family.

12. From copies of Bank documents received by Neil Keenan, within the Green Hilton Memorial Agreement, the funds the amounts of gold and platinum are specified. These amounts of gold are certificated and the certificates and ledger copies with full and exact identification and recognition codes are available. These certificates are further proven by the bank reports, copies of which are now held by Neil Keenan. The truth of these instruments can be vigorously defended through documentation in our hands and further through interrogation of the Black Screens where the off-ledger collateral is held, together with an interrogation of the grey and blue screens where we will find enormous fraud from the illegal use of these assets.

13. In the few documents we present with this complaint we can see that the assets have been deposited, the counter-assets created and presented to the depositors, the

depositors have been cheated for over 70 years through the intentional and fraudulent failure of the Obligor to honor the Agreements.

14. In recent weeks we have come into possession of the books and records of the late President Soekarno, and all the codes and ledgers of the Global Accounts. The size of these accounts can be seen by reviewing the Collective Agreement between the Garuda Memorial Hilton Indonesia and the Green Memorial Hilton Geneva, established, structured and made operational between 1961 and final signature in 1972. Under this Agreement the assets of the international collateral combined were established and brought forward, then, within a short period of time misused to change the operating systems of banks.

15. Reviewing these books, we can now see that Banks set aside the notion of operating under the Charters they hold as banks, instead of being Banks they became like very poor casino operators and traders, selling what they do not own. The records in our possession, signed and registered by the receiving and managing commercial bank, show the underlying funds in numbers and amounts that stagger the imagination. The Green Hilton and Garuda Memorial Agreements demonstrate clearly the value of the global account system.

a) Gold and Platinum Deposits ran into millions of tons.

b) 1934 series Federal Reserve System Bonds, Notes issued in 1928, Kennedy Bonds ran into Quadrillions of US Dollars, Dragon Bonds are all recorded and acknowledged within the Green Hilton and Memorial Hilton Collective Agreements. Both Assets in the form of Bullion surrendered to the Global Accounts through the United States Government and then entrusted to a private corporation, the Federal Reserve System.

A March 31st deadline has been delivered to the committee of 300 by the gnostic “illuminati” faction

Benjamin Fulford Typepad

The group that claims to have started the American, French and Russian revolutions state they have issued a March 31st deadline to the committee of 300, according to their spokesman “Alexander Romanoff.” In addition, Prince Harry has been in touch with the group and has agreed to take over control of the British Royal family from Queen Elizabeth. **There are signs, such as the resignation of over a dozen senior bankers and the announcement of a \$15 trillion fraud in the UK and a \$6 trillion fraud in Italy, that these warnings have been taken seriously. The Italian case is especially noticeable because one of the people arrested was former Prime Minister Silvio Berlusconi.** In addition, a meeting is scheduled this week between a White Dragon Society representative and representatives of the dragon family in mainland Asia to discuss the creation of a meritocratically staffed economic planning agency.

Japanese finance minister murdered, new Chinese leader missing, climax approaching

Tadahiro Matsushita, Japan's Finance Minister, was murdered Monday in an attempt by the cabal to extort more money out of Japan. In addition, upcoming Chinese leader Xi Jinping has vanished from public view after shunning a meeting with Hillary Clinton and refusing to finance her cabal last week. **Furthermore, Neil Keenan and his family have all been recently hit by a nasty virus that we hear was spread by Italian agents working for former Italian Prime Minister Silvio Berlusconi.** Also last week NATO went on full military alert and was planning to attack Syria and provoke war with China and Russia before it was stopped by a UK RAF whistleblower who alerted colleagues at the Pentagon, according to both MI5 and CIA sources. All of these incidents are part of the final death throes of the Satanic cabal that was attempting to install a fascist world government after starting World War 3.

Multiple death threats have also been directed at this writer along with a raid on my house by Japanese tax police. The time for talk is over and direct action to deal with these mass murdering scum has begun. The biggest immediate threat now is cabal plans to set off nuclear terror attacks in Europe in an attempt to provoke Muslim/Christian warfare, according to MI5 sources. Message to the P2 lodge: Satan has already left this universe and you are now just a bunch of scared old men about to go to jail.

Remember, if these people are not arrested, if you personally see any of them, you are legally entitled to kill them on the spot because they are trying to murder you and your family and that has been proven beyond a doubt. Here is the latest from MI5 and other sources on the cabal's plans for mass murder in Europe.

The Globalist's Fight for the American Gold Certificates hidden in the Philippines

"Major confrontations in South China Sea as desperate cabal tries to steal Asian gold deposits":

Benjamin Fulford Report – "Reports from Pilipino tribes-people and the White Dragon Society members indicate a major military stand-off is taking place in the South China Sea and the Philippines over control of historical gold deposits in the region. A fleet of 8 US war-ships is being confronted by a joint Chinese/Russian fleet in the region. The Chinese have publicly announced they are willing to go to war over this dispute.

The US warships are linked to a mysterious Hong Kong based individual by the name of "Rosenberg" (first name not known); the CIA sources say. Rosenberg is believed to be seeking physical gold to seize on behalf of the Nazi/Sabbatian cabalist owners of the Federal Reserve Board (aka) Chinese Philippine dispute, known as the Scarborough Shoal by the West and the Huangyan Islands by China.

This dispute is linked to the failed IMF and World Bank meetings that took place in Washington D.C. last week. It is also linked to an ongoing power struggle between the three factions in China, multiple sources say. The US, or should we say, Nazi (national socialist Zionist) forces have been systematically searching bunkers and caves in the Philippines even as they look for sunken gold ships around the Huangyan Islands and in other areas, the sources say. This is what an ASEAN White Dragon Society ally had to say to **Neil Keenan** on the subject:

*Hello **Neil**. In PALAWAN, those that are LOCALs are now terrified, letters have gone to us all last week...Re – so CALLED “wardens” (accredited officers _ who are US army “scouts” going round to do a census on all local residents and buildings, saying it’s for our own protection...this has never happened before, they are with sophisticated equipment...loading huge cargo like hanger CONTAINERS, all of army material !!!!! they already have taken on 6 islands and are now off to JOLO (SULU islands) due to IMF and Rebel tribe bandits. There is definitely a WAR going to happen but what we are told is the ARMIES in / on the islands are for FUEL bases, ???? some of these ships are with FUEL/ something going on Neil it is same in Indonesia.”*

This **Neil Keenan** is an important clue of the nefarious relationships that have woven through the last seventy years of our earth’s history of war, greed, power and the control of all humanity. Seven months ago, the same Benjamin Fulford reported on Sept 19, 2011, concerning a little of the history of the supposed Gold Hoard that was “spirited away” to the Philippines:

Research into the MacArthur trial revealed more of the hidden history of World War Two. In particular, it turns out that General Tomoyuki Yamashita, of the famous Yamashita gold treasure, was the son of General Arthur MacArthur by a Japanese mother. This made him a half-brother to General Douglas MacArthur.

It also turns out that although Yamashita was supposedly executed for war crimes, in fact he was spirited away to the Philippines. He lived there until the age of 92 in a luxurious compound surrounded by 16-foot walls. Nobody near the compound was allowed to build a building higher than the wall, according to the White Dragon agents.”

So now, as of Sept 19, 2011, Benjamin Fulford states that even beyond the confiscation of the American citizen’s gold hoards held mainly by the Lost Tribes of Israel living in the United States, just prior to World War II, they tried to confiscate the private gold supply of the Jewish families in Europe that culminated in World War II. As reported:

Benjamin Fulford – “The same sources provided new information about World War 2. They said one of the main reasons for the war was to maintain control of the global financial system in the hands of a small cabal (Rothschild Dynasty and the Federal Reserve).

To do this, they needed to capture most of the world's gold supply that was not already in their hands and take it off market. Many Jews in Europe were persecuted because they refused to relinquish their own personal gold supplies.

So today, most of the confiscated gold remains hidden in tunnels near the city of Matsumoto in Japan as well as in the Philippines and other parts of Asia. It has yet to be returned to its rightful owners.”

Frenzy of murder, attempted murder and threats of mass terror are all part of cabal death throes

On August 10th, Dr. Michael Van de Meer, AKA Dr. Michael Meiring, died in his sleep in extremely suspicious circumstances. Dr. Meiring was a very private individual who had to change his name to Van de Meer a few years ago after getting unwanted publicity when his legs were blown off by a bomb, he says was placed by agents of George Bush senior and his Nazi cabal.

Dr. Van de Meer died immediately after being sent \$750 billion worth of bonds from the same batch as the \$134.5 billion worth that was illegally seized from two Japanese diplomats in June of 2009. He was planning to cash them on behalf of their Asian owners in order to finance a new international economic planning agency. De Meer was in robust health and full of plans for the future in a conversation with a White Dragon Society representative that took place only hours before his sudden death.

Meanwhile, the self-described “illuminati grandmaster” going by the name of “Alexander Romanov,” was taken into protective custody last week by the Japanese police following a murder attempt. Japanese underground sources confirm that a group of Japanese hit men are actively trying to kill him. Romanov was a 20-year veteran drug smuggler who risked his own life to inform the Japanese police and this writer that a nuclear missile had been smuggled into Japan for use in a mass murder attack.

The Japanese police were either hopelessly incompetent or else in on the crime because they failed to take action even after Romanov told them exactly where the bomb was being kept (inside a compound owned by former Prime Minister Yasuhiro Nakasone). The fissile material in the bomb was later used to create several smaller devices that were used for the 311 tsunami and nuclear terror attack on Japan.

The trail for all of these attacks, as well as the current mass murder in Syria, leads to the P2 fascist lodge. It appears to be no coincidence that former black pope Peter Hans Kolvenbach chose to retire in Syria.

Weekly Geopolitical News and Analysis20121112: World intervention saves Obama, prevents World War 3

The Dragon family and governments of the non-Western world acted decisively to get Barak Obama re-elected as president because a Romney victory would have meant World War 3, according to multiple sources.

Obama was cut off of his election finances by the Pope and the Queen three weeks before the election and would have lost if the Dragon family and others did not step in and finance him, according to CIA and Asian government sources. Obama returned the favor by complying to a request to purge Bush/Nazi operatives from the government and the military, the sources say.

AMANA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

That is why Timothy Geithner, Hillary Clinton, Eric Holder and other bush operatives were fired. The purge at the pentagon and agencies included CIA Chief David Petraeus, Rear Admiral Charles M.

Gaouette, US Army General Carter Ham, Brigadier General Jeffery A. Sinclair, and US Navy Commander Joseph E. Darlak, according to CIA and other agency sources. Obama now has a totally different set of handlers and teleprompter script writers than he did in his first term.

XXXXXXX: NSA's Prince of Darkness & Possible Ties to Neil Keenan

The possible link to Neil Keenan can be found in this article I discovered on *Rumor Mill News* this morning:

David P. Crayford writes:

Keenan in an article dated 2010 stated that General xxxxxxx and Gen. xxxxx were fully cooperating with him in respect of the Collateral Accounts and his actions (Unlawful and Criminal), and that they (xxxxxxx and xxxxxxx) held the power to make decisions.

In an article late 2011 related to the Monaco Accord organized by Keenan and the Swiss Government, it was clearly stated that Gen xxxxxxxx and Gen xxxxxx were at that meeting, which, if readers remember, was held in Monaco and moved to a US Warship moored in the Mediterranean Sea following the disruption, which was blamed on Jay Rockefeller, of the meeting in Monaco.

We now know who Keenan is working with / for and my comments at the time on this matter have proven to be immensely accurate, which I add Keenan denied at the time. They say that if one waits long enough, the truth will come out and the missing pieces of the puzzle can be placed into the right position of the puzzle.

The above article also assists us in many ways and conveniently fits and coincides with many other factors known to us and with substantial evidence held by us, since 2010 / 2011. I say this because Gen xxxxxxxx has under his command specific parts of the US Navy, Army and Air Force as well as Cyber Control.

It is now clearly understood why it is these parts of the US Forces that are actively involved, along with a substantial number of mercenaries with the continuous theft of Collateral Accounts Assets from the Philippines, Indonesia, Thailand, and several other countries, including but not limited to, Turkey, Afghanistan, Syria, Egypt, Libya.

I would like to thank Basil for posting the above article / video as it has been of enormous help to us in our continuous fight against the unlawful activities of Keenan's criminal syndicate.

NEIL KEENAN UPDATE: Crayfish the Scum Sucking Bottom Dweller Remains a Fool

He is a fool who doesn't deserve a response... He has been kicked under the bus time and time again and goes away until he feels someone up above the brackish water line might want to listen to his bullshit.

So, he comes up on occasion and gets kicked once again when no one really gives a rat's ass about this guy called "Crayfish" (Crayford). Also, there is no "American lawyer". There is a Dimce Giorgif though, and he works for RUMOR Mill News.

There are many people who have asked about him. It just so happens someone passed out his address today to someone who wanted to see him. Anyone who wants Dimce's address, please contact us and we will email it to you. This is the part we love when bullshit returns to bite you!

"I-gots-to-know" is going to forget the little he knows very soon! RUMOR Mill News is a joke...

For those who wish for accuracy... Crayfish is NOT the Chairman of OITC or any other organization. No one is stupid enough to make a Crayfish anything more than the Bottom Feeder that he already is.

Canadian, Kathy Mattinson is the Chairperson of the OITC, and she received this title from Ray C. Dam whom she greatly assisted in his time of need. She laughs whenever she hears Crayfish keeps popping up with something more moronic to say.

Crayfish has been buried more than once, so let's see who first gets to Giorgif. What fools he & the whole group are! They no longer exist. Not one of them can afford the corporate papers to incorporate anything else despite their selling illegal immunity papers.

Neil Keenan

[To further address the matter - see this dissertation with regard to the fraud Crayford / Crayfish from 2013!]

In Response To: NEIL KEENAN UPDATE Crayfish The Scum Sucking Bottom Dweller Remains A Fool (igots2no)

Keenan has certainly "Flipped his lid" on this one and shown everyone exactly what he is".

A). He accuses igots2no of being American Lawyer. He couldn't be further from the truth which shows how badly flawed his intelligence is. After several weeks of investigation, I now am fully aware of whom American Lawyer really is, and it certainly is not igots2no. Following the information, we have on American Lawyer I have to say that I have the greatest admiration for the person as a highly experience lawyer and someone who has more "Humanitarian" attributes in his little finger than Keenan has in all his revolting mass of Skin and Bone.

B). Keenan states, quote ***"Canadian, Kathy Mattinson is the Chairperson of the OITC, and she received this title from Ray C. Dam whom she greatly assisted in his time of need."***

That tells me what I always thought that Keenan knows nothing, and his intelligence is way below zero, despite what he claims. Kathy Mattinson is definitely not the Chairperson of the OITC because despite what Keenan states, Ray Dam did not hold any power or authority to appoint a successor.

The only power he had was to nominate an appointee which those who really do hold the power to appoint, disapproved of and rejected Ray Dam's suggestion, in the very

same manner that they rejected Keith Scott's nephew, Matthew, as a potential International Treasury Controller, which was orchestrated by Keith Scott.

That very same restriction applies even to the new International Treasury Controller. It is ONLY those who hold the power to appoint who can make such an appointment.

C). Keenan states, quote ***"There is a Dimce Giorgif though, and he works for RUMOR Mill News. There are many people who have asked about him. It just so happens someone passed out his address today to someone who wanted to see him. Anyone who wants Dimce's address, please contact us and we will email it to you. This is the part we love when bullshit returns to bite you! 'I-gots-to-know' is going to forget the little he knows very soon! RUMOR Mill News is a joke..."***

Now, that does sound like a very serious and totally unwarranted threat that Keenan has just made against igots2no, which is totally unbecoming of any sensible person, but there again Keenan is not the sensible person he wants everyone to believe he is. He is all mouth and no substance.

He is a 100% crook who just managed to escape arrest in Italy, along with Yamaguchi and Watanabe who both got a 3½ year prison sentence in their absence for handling stolen and fake Bonds, and trying to take them over the border to Switzerland in a false compartment of their briefcase.

Keenan also escaped arrest when our people went to arrest him in Indonesia. He escaped because he got "Tipped off" about the raid on his apartment that was about to happen. He escaped into the wilds of Indonesia and then by Fishing boat to Singapore.

Don't worry Keenan, we'll arrest you in due course when you least expect it and then hold you responsible for what you did to Ray Dam and the frauds that you have committed against the Collateral Accounts both individually and in conjunction with Keith Scott.

So, Keenan, if you want to make threats against igots2no, who is an innocent person doing a job as Administrator for RMN, then we can add that to the charges against you and the Courts of Law can decide what they do with you, independently from the charges already against you in respect of the Collateral Accounts.

By the way Keenan, why, if what you say about RMN, quote, "RUMOR Mill News is a joke...", why bother to even read it let alone post an article, and a ridiculously arrogant and self-destructive article at that. You really are the crazy Irishman that you have portrayed. Perhaps the following article posted by Mr. Fusion, quote ***"He sounds very unhappy. Maybe things aren't going well. *NM*"*** hit the nail right on the head, and your Irish temper took over all that substance which you have in your head, and I say substance because it certainly isn't brains like the majority of people.

Finally, Keenan, it is Crayford not Crayfish, as I have told you many times. It appears you cannot overcome the "Playground" mentality, even at your age which is, well let's see if you can tell the truth on this simple point Keenan because we do have a colour copy of your Passport, which was passed to us by a person who received it from Keith Scott Your former partner in crime who also stated quote, and please note these are not my comments, ***"What a crazy liar Keenan is"***?

Your latest article truly reveals how crazy you really are. Personally, I think you are a grave danger to the public as well as a danger to yourself. You are no better than a "mad Leprechaun" jumping around in anger at the bottom of an Irish garden, who has just had his fingers trapped in the lawnmower. Isn't that right Paddy. Have a glass of Guinness, or a Beer with a Black Bush Whiskey chaser. It won't help the substance in your head but it might make you feel a bit better for a short time.

Hi, Folks -

I received email from Neil Keenan at about 8 a.m. EDT, saying in part, ***"Please let everyone know that not only is [what Crayford wrote] garbage but I am very much alive."*** Keenan is not in Indonesia at present but says he'll be returning there soon.

--hobie

... The above stated Political manipulation brings back the memories of Keith Francis Scott, Neil Francis Keenan, Benjamin Fulford and many others, all of them are tools of the crooks, used and controlled to do their dirty work for them. Only a few ever survive because once you have become "Past your sell buy date", your history, or, once you make a "Cock-up of what you are supposed to do", your history.

Keenan was in the latter group of operatives, who, according to our intell in Indonesia, left Indonesia some time ago looking a very sick man. He hasn't returned to date and they doubt he ever will because he failed in everything he was ordered to do, and that was to save him from a very long prison sentence. In our intell's words, quote "It is 90 - 95% that Keenan is dead from Cancer when he was too close to a Box of Gold his assistant, who is also dead, opened in Keenan's apartment". So long Sucker. You thought you knew it all, but you didn't know about the Uranium in the box of Gold Bullion Bars, and that is standard procedure so you should have known.

DAVID CRAYFORD ----- I SEE THAT NEIL FRANCIS KEENAN HAS BEEN "RAISED FROM THE DEAD", AGAIN, AND AKIHIKO YAMAGUCHI HAS RESURFACED AFTER 10 YEARS OF ABSENCE FROM THE CRIMINAL SCENE.....

By DAVID CRAYFORD [OITC-ITC Disinformation Agent]

DAVID CRAYFORD ----- I SEE THAT NEIL FRANCIS KEENAN HAS BEEN "RAISED FROM THE DEAD", AGAIN, AND AKIHIKO YAMAGUCHI HAS RESURFACED AFTER 10 YEARS OF ABSENCE FROM THE CRIMINAL SCENE.....

..... KEENAN, A CONVICTED FELON IN AMERICA FOR WHICH I HAVE PREVIOUSLY POSTED A COPY OF THE PRISON DOCKET RECORDING HIS STAY AS A LONG-TERM GUEST OF THE US PRISON SERVICE, AND YAMAGUCHI A TWICE CONVICTED FELON, ONCE IN HIS NATIVE COUNTRY OF JAPAN FOR FRAUD WHEN HE WAS AN EMPLOYEE OF THE JAPANESE MINISTRY OF FINANCE, AND THE SECOND TIME WHEN HE AND HIS COLLEAGUE MITSUYOSHI WATANABE, A FORMER EMPLOYEE OF MERRYL LYNCH BANK; WERE ARRESTED AT THE BORDER BETWEEN ITALY - SWITZERLAND

.....

Both Yamaguchi and Watanabe were attempting to cross over the border from Italy to Switzerland carrying certificates and bonds (assumed by the authorities to be fake bonds and certificates) in a secret compartment of Yamaguchi's briefcase. Keenan was to follow but then panicked and left Italy in a hurry. Both Yamaguchi and Watanabe were arrested at the border and charged with crimes in violation of Italian and European law and sentenced in their absence to 3½ years in prison in absence as both had jumped bail and fled Italy returning to Japan, via Bangkok, before their trial in Italy.

As for the loud- and foul-mouthed Keenan, an Irish American, he was lucky not to be arrested in Italy, as he fled Italy just days after the arrest of Yamaguchi and Watanabe, realizing that if ever his criminal and prison record in America was disclosed to the Police and Courts in Italy it would certainly lead to another long prison sentence, but this time in a foreign country.

Who in the World would ever believe, or even trust, such a group of hardened criminals, especially when one takes into account the old adage of "A leopard never changes his spots"? However, it does appear that this group is at it again. I refer to a recent article posted on rumormillnews.com: <http://neilkeenan.com/neil-keenan-update-its-showtime/>

I won't post the article in full, and allow readers to review the article in their own time, if they want to, because rumormillnews.com is known to be a CIA controlled site which we do not support or condone. I will however extract specific sections of this article and

make comment on same to be able to educate readers into the kind of B.S. and misleading information used by these crooks.

One of the first photos you see in this article is of Keenan sitting at a bar holding a metal batten. We have undertaken an analysis of this photo against a file photo of Keenan taken in 2010. The "EAR" is very different, so this is not the real original Keenan, it is a "double", which is not at all surprising as the original Keenan died from Radiation poisoning some years ago after forcing open a metal box of Fake Gold which contained radioactive Uranium in the base section of the metal case. The cameraman and a general assistant to Keenan, in the apartment with Keenan at the time, also died of Radiation Poisoning.

The article itself has not been written by Keenan as the structure of the content is NOT the same structure as Keenan would use. It is therefore written by someone else within Keenan's small group and poorly made to appear that it was Keenan who wrote it, or dictated it. Article content, quote ["Few people in the entire financial world have a grasp of what really is the foundation of global wealth, and even fewer know who are the people actually controlling this"](#).

The first part of that statement is very true as it has always been shielded in "TOP SECRET" classification, so neither Keenan or anyone of his small team, would ever have access to such "TOP SECRET" information / documents, yet they profess to know everything, but much of which is made up of gossip and supposition gained from conversations with other likeminded crooks / criminals, all maneuvering for position to have a cut of their ill-gotten gains, if it ever happens.

The latter part of the above statement is also true. The real people who do know rarely reveal themselves because of the serious dangers involved. I am possibly the only one, and yes, the dangers are enormous, even to me, but someone has to publicly reveal the truth for the sake of mankind. At least I am careful in what I state because of "International Official Secrets Laws".

Keenan and his small team know very, very little, contrary to what they imply, all of which is regurgitated gossip and speculation obtained from others and the likes of CIA operative Keith Francis Scott, former Special Envoy and Second in Charge to Dr. Ray C. Dam, former International Treasury Controller whom Scott destroyed with his lies and under-handed antics.

Article content, quote ["Now watch Neil's interview closely and you will see him show on camera one of several authentic 1928 "gold coin" certificates that the Golden Dragon Family has placed in holding with the US Treasury"](#). Article content, quote ["This was DECLINED. Instead, the Obama / Biden Administration set about an 8-year campaign to destroy American industries, the Military and the Healthcare industry"](#).

What is held up and shown are just copies, so how can they be authentic unless they have an official seal and signature of an officer of The Japanese Ministry of Finance certifying "True Copy of Original Documents", Which would be transmitted by "Bonded Courier" or "Special Bank Courier" and certainly not passed to a convicted criminal.

Instead, there is a document for which Keenan (Or the person claiming to be Keenan) is holding up and he has part of his hand and thumb covering the seal and signature area of the document.

Fortunately, we do have similar documents on file whereby the signature and seal area are replicated on the document that Keenan (Or the person claiming to be Keenan) is holding up, which clearly indicates that it is Akihiko Yamaguchi's seal and signature on the document that Keenan (Or the person claiming to be Keenan) is holding up.

Now let's be totally blunt on this point, would you, or even your Bank, believe or accept such a document signed and sealed by a proven and officially registered convicted criminal I do not think so at any time. If you did, you or your Bank, would be completely out of your minds and you would probably get kicked out of your Bank with your account immediately closed.

America is actually imploding on itself through recklessness, selfishness, greed, and corrupt politicians etc. of all governments since Ronald Reagan. One could throw tens of trillions of Dollars at America to resolve its problems, but 5 years later America would, once again, be in serious financial trouble because there is no fiscal discipline or quality management / oversight.

So whatever Keenan (Or the person claiming to be Keenan) states / postulates, is, and would be, a complete waste of time and money as it has shown, and proven to be, many times in the past.

Then we come to the One (1) page document addressed to several government and associated authority persons. Look at the signature and seal at the bottom of this document. It is EXACTLY the same as found on documents in Yamaguchi's possession dated in 2009 / 2010 when he and Watanabe were arrested at the Swiss / Italian border.

The documents confiscated from Yamaguchi's briefcase have been unquestionably proven to be fake / falsely and unlawfully issued by Yamaguchi who is, and was not, the authorized signatory for the Dragon Family, and never has held such a position, except for and on behalf of a small group of people in Japan whose aim is financial self enhancement for themselves through illegal usage or theft of assets of THE GLOBAL DEBT FACILITY held in Japan. I refer readers to my earlier articles posted on abundanthope.net, on this very subject.

AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

Article content, quote "It should be understood that this relatively small group of Golden Dragon Family elite members essentially hold the fundamental collateral backing for the entire global financial system".

"Their resources are enormous. It is estimated that 85% of the West's (Rothschilds') Global Collateral Accounts are actually owned by the Golden Dragon Family and their depositors".

Totally Wrong, Wrong, Wrong. What Keenan is not informing the readers is that the various Dragon Families, of which there are quite a number, transferred the Trusts and Foundations which were the legal owners of this wealth, to The Collateral Accounts of The Global Debt Facility under a scheme purposely designed by Emperor Hirohito of Japan and Agreed to, then executed by all the Royal Families, and the then G7 countries, of the World, which is officially known as the LONDON TREATY 1920, being fully recorded and registered at the United Nations.

At that point the various Dragon Families had transferred most of their wealth to The Collateral Accounts of The Global Debt Facility, retaining a small percentage (although holding quite a substantial financial value at the time) for use under and at their own discretion. Article content, quote "So it is now obvious that the Rosy Boys Gang fronted by Soros, The Bush / Clinton / Obama crime syndicate and all their bought-and-paid-for politicians, corporate heads and bankster buddies - certainly don't want to let the cat out of the bag. Ooops! Neil just did that - again!"

So, KEENAN, or whoever you are as the impostor, stop misleading the public in this matter, as you have always done, when you have no idea of what you are talking about, neither do you have access to the "TOP SECRET" documents held at the UNITED NATIONS. Oh Boy, this is the pot calling the kettle black in all its glory. I remember a brown envelope containing the Certificates and Bonds, which Keenan just dumped into the hands of an unsuspecting individual young man in Italy who was certainly not as stupid or naïve as Keenan believed he was. The envelope had names on the address label. Whose names were they George W. Bush and Richard Cheney

So, Keenan you were collaborating and associating at the time (2009 - 2010) with the very people you are now referring to, quote "Rosy Boys Gang fronted by Soros, The Bush / Clinton / Obama crime syndicate and all their bought-and-paid-for politicians, corporate heads and bankster buddies". Nothing like a "Devious Turncoat" is there Keenan!!!!!!!!!! A Judas in all his colours.

Article content, quote "Neil is running in parallel to President Donald Trump in unrelenting efforts to CLEAN THE SWAMP. He strongly supports the Trump Administration and behooves all who can vote to vote for the MAN."

Oh, dear, dear me. So, Keenan, you have definitely jumped from the sinking ship in your own interests and now hanging on to the rigging of someone else's ship who you

AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

believe will help you. Donald Trump is very much like the young guy in Italy who in whose hands you just dumped that Brown Envelope containing the FRN Certificates and Japanese 57 series Bonds with G.W. Bush's and R. Cheney's name typed on the address label, and then you fled Italy very fast so you would not be caught / arrested. Neither Trump nor that young guy in Italy are as stupid or naïve as you believe they are.

It is you Keenan who is the stupid and naïve one, really naïve and stupid. Article content, quote ["The humanitarian offer presented to the former US President was made by Mr. Neil F. Keenan and Mr. Yamaguchi, for and on behalf of the Golden Dragon Family"](#).

Oh, so now Keenan and Yamaguchi are representing the Golden Dragon Family, not the Dragon Family, which are two completely different entities. I really don't think so Keenan. The Golden Dragon Family are a collective of the Heads of all the various Dragon Clans and they do not need you Keenan or Yamaguchi to do things for them. As HEADS of the various CLANS, they will be fully aware of the protocols surrounding their assets held within THE GLOBAL DEBT FACILITY and they certainly would not expose those protocols, as they don't expose themselves, to such a couple of inexperienced and lying criminals, which is what you and Yamaguchi are. Do you believe we, and others, are as stupid and inexperienced as you both are????? Think again Keenan, or whoever you really are. We are not, whereby the International Arrest Warrant filed with Interpol some time ago, which was suspended when you died from Radiation poisoning, will now be resurrected as a matter of urgency.

Article content, quote ["Amanah Neil Keenan is the ultimate Ringmaster of the Greatest Show on Earth under the 'Quintillion Big Top' comprised of the Golden Dragon Family's Financial Instruments, Precious Metals, Gems, Currencies Asset Bunkers and the 'Depositors' Accounts-which account for 85% of the world's wealth"](#).

["It's now Curtains for the Global Cabal as Amanah Keenan is ending the it's Three Ring Circus of Destruction, Doom and Death and their Global Agenda 21-30 Clown Acts. Amanah Keenan will be cracking his legal whip and caging each and every member of the 'Cabal's Lion's Den' for their control of and crimes against humanity, as well as planetary destruction. It's now Show Time for Humanity and Planetary 'Out of This World' Acts and Innovations"](#).

["The Golden Dragon Family and Amanah Keenan not only offered 3 Gold Coins valued at \\$800 Trillion each to President Obama and Vice President Biden, which they're Administration rejected in their intent to destroy America-They were also a force that Obama couldn't reckon with as he surrendered and signed his Transition of Presidential Power Executive Order before his infamous 'Obama Out' White House Dinner speech prior to his joint military escort out of the White House in the fall of 2016. Now it's time for Obama's 'Partner in Treason,' VP Biden to have his 'Biden Out' 47 year political and criminal exit as a result of America's massive Red Wave Votes to re-elect President Trump-no more Joe and his Dirty-Dog and Pedo-Pony Show"](#).

Oh, dear Keenan, you really do have something wrong in that space between your ears, don't you? You think you are going to cage all of these like-minded criminals What! You are as crazy as you appear to be. How are you going to do this through the corrupt American Courts who have no jurisdiction over any matter / substance connected, associated, or relative to the Assets or Accounts of The Global Debt Facility. NO, NO, NO, that privilege and honour is the sacred domain of The Supreme Court of International Jurisdiction, not some corrupt American Court, or even the ICC or ICJ, so tough s-t Keenan, you have destroyed your so-called resurrected lawsuit before you are even off the starting blocks.

Article content, quote "[Ringmaster Amanah Keenan intends to have a 'Shock and Awe' Justice Clown Act in re-filing his Plaintiff's Trillion Dollar Lawsuit to finally indict and incarcerate the original Cabal Defendants, as well as round-up many more partners in crime through the international court and the court of public opinion to decide their deserved punishment](#)".

Oh good, let the games begin. We are ready for you. I will be able to see your facial expression of shock when you are arrested again and marched off to prison to serve out your full term for your previous crimes in America, rather than being recruited by the "Deep State" to do their dirty work for them. What an idiot, and a big one at that. Let the "Cat out of the Bag" if you will and then sit back and watch who really suffers. You will be one of them ----- Guaranteed. I won't take this article any further because I do not normally speak to deceased persons, otherwise people will think ill of me.

There is one final issue I must address, that is that all such certificates, bonds, notes are, in accordance and compliance with our "Sovereign Laws", are in fact totally worthless following revocation of same under our "Sovereign Laws" dated July 1st 2013 and 1st June 2020, whereby they must be returned to the ITC, as Legal Successor Heir and Owner of The Global Debt Facility, whereby we are compelled under said laws to verify, reissue, and reregister such Certificates, Bonds, Notes, with a Gold Backed GLOBEC Currency Valuation; which can then be confirmed through The Central Bank of the International Treasury.

To do otherwise is just adding to the Debt of America if currently valued in USD, which runs contrary to your ideology and the benefit of your own trouser pocket, and certainly detrimental to America as all such Legitimate Holders or Custodians will have the new Certificates, Bonds, Notes issued by The Central Bank of the International Treasury, and returned to them, duly recorded and officially registered.

Holders with no legitimacy to be in possession of such Certificates, Bonds, Notes, will have same legally confiscated and held on behalf of The Global Debt Facility by The Central Bank of the International Treasury.

The applicable laws were enacted to prevent Theft and Fraud of Assets or Accounts of The Global Debt Facility by persons or parties who can only be described as "Thieves, Bandits, Fraudsters, who will not be allowed to gain from their criminal activities.

Furthermore, America, already deep in Debt, will find itself deeper in Debt from the criminal activities, as and when such criminal activities continue by all those persons involved, as all such Certificates, Bonds, Notes, were, when issued, valued in US Dollars.

The same applies to physical Gold, Silver, Platinum, which have all been revalued, recorded and officially registered, as per the original Parent Registration Account; in Gold backed GLOBEC Currency, per troy ounce, and that includes your Three (3) Gold Coin Certificates.

Checkmate I believe Keenan, Checkmate.

David P. Crayford.

WHY DOES ROBERT STEELE BACK KEENAN AGAINST DAVID CRAYFORD?

In a recent Internet piece, Robert Steele is quoted as saying:

"As I encounter disbelief about Neil Keenan and his role as the main juncture between the Dragon Society and the West as we move toward a global economic re-set, I have to remind myself that 80% of the public still thinks JFK was assassinated by Lee Harvey Oswald; J. Edgar Hoover was a moral man; the Israelis attacked the USS Liberty by accident, and 9/11 was carried out by a bunch of 'rag heads' armed with box cutters."

As I re read the nonsensical quote I just typed, I can't help but think back to the original question we posed at the top of this piece. Are these guys smoking crack, or what?

Robert Steele is trying to give a good ole professional CIA / Spy world entertainer's endorsement to Neil Keenan by comparing Keenan's role in the fiction Steele terms the "global economic re-set" to those who reveal the truth behind JFK's assassination, the USS Liberty attack or 9 / 11. This is an unadulterated effort by Steele to bring intelligence /military world credibility to a terminally incredible Pugnose Keenan story. In American football terms it's called piling on. Too many on the dog pile. Why does the Keenan Team need this endorsement?

KEENAN ON THE RUN, NEEDS REHABILITATION

Neil Keenan's been washed up, bone dry on a desert shore, left for vultures' picking for longer than most would care to remember. He hasn't had anything substantive or new to

offer the public intelligence / CIA, mercenary / fortune hunter world since 2011. He's been chased off of one Asian island nation onto another. He's in hiding and his readership and credibility have nosedived into single digits. Neil Keenan and his image were in desperate needs for a boost and repair. Maybe even a rebirth.

KEENAN THE CABAL STOOGES

Keenan will never admit to who he is. He'll never write that he's a Cabal Shill, working for the exact same Cabal that he demonizes and threatens in his writings. Same with Benny the Fraud Fulford and many other Cabal Assets caught up in the processing of and profiting from stolen Assets and Accounts of the Global Debt Facility.

They work for the Banksters. They're financed through the Rothschilds' financial apparatus. The mouthpiece jobs they have are for the purpose of misinforming the masses to create hope for future financial salvation. Especially for those who have invested, or are looking for somewhere to invest.

POOFNESS, KEENAN, & ZAP INFO BY BENJAMIN FULFORD: FIVE STAR TRUST INFORMATION

The recent [Benjamin Fulford report released on June 18, 2013](#) talks about how multiple groups are fighting against the Dark Cabal's financial control via legal means. Fulford specifically mentions two groups, one being Neil Keenan's Camp and the other is Marion Horn also known as ZAP. See quote from Benjamin Fulford below.

The attack on the Sabbatian control of the right to print and distribute dollars and Euros is coming from several different directions. This includes several legal approaches such as the Neil Keenan lawsuit in Indonesia and maneuvers of the Five Star Trust group of Marion Horn now posing on the internet as "Zap" and friends of "Poof." [Benjamin Fulford - June 18, 2013; [Source Link](#)]

Many people already know about Neil Keenan and his involvement with the Collateral Accounts also known as the Soekanto Trust. Now Benjamin Fulford decided to release information that people have been wondering about. "Who is ZAP?"

ZAP is associated with recently deceased, James Anthony Holmes, also known as Poofness. If you don't already know, Poof, was giving uplifting and positive messages every Sunday about the coming changes to the world and also talked about a trust he was associated with called the 'Five Star Trust'. ZAP recently came on the scene to fill in as Poofness replacement and update the global community about the new financial system which is also tied in to the Dinar & global currency revaluation, CMKX, Farm Claims, Prosperity Programs, and "The Event" which many other alternative news sources report. You can read [ZAP's most recent update from June 16, 2013 at the link here.](#)

Thanks to AscensionWithEath.Com readers for taking the initiative to do some Google searching on Marion Horn and the 'Five Star Trust' that Poofness has been talking about for many years. The reader pointed out a [public document link to information about the 'Five Star Trust'](http://www.slideshare.net/ernestrauthschild/history-of-five-star-trust-funds) which does contain contact information to the administrative office of the 'Five Star Trust'. I have embedded the document at the bottom of this article or you can visit the source page to the 'Five Star Trust' document at <http://www.slideshare.net/ernestrauthschild/history-of-five-star-trust-funds>

The document is published by Ernest Rauthschild and his website link is <http://fivestartrust.blogspot.com>. Ernest seems to claim to have a connection with Marion Horn (ZAP), Poofness, and the 'Five Star Trust' but more information and research should be conducted to understand the connection between them.

Ernest Rauthschild also claims to manage \$200 Trillion dollars in assets of those considered to be Free Masons, Illuminati, and Secret Society elitists.

The Alliance That Is Taking Down The New World Order

Quite a bold title to an article, huh? Maybe you clicked on this because you were interested and hopeful that there is indeed a positive alliance systematically taking down the banking cabal, or NWO, as some like to call them. Maybe you already know of this alliance or maybe you do not. One thing is certain though, whether you believe it or not, this alliance is very real... and is winning.

Neil Keenan

Neil Keenan, JFK and President Soekarno of Indonesia

After publishing a recent article titled, "The Connection Between 9/11, JFK and the Global Collateral Accounts," I had many requests come in to investigate things even deeper and write about what I find.

The most fascinating part in that article to many people was the notion of the global collateral accounts soon to be opened by Neil Keenan, which are to be used for several humanitarian projects to truly help transform our world for the better.

Neil will also be refiling a previous lawsuit (implicates the U.N. and several other prominent figures) that shows how these global collateral accounts have been illegally used by The Federal Reserve, the E.U. and many well-known and wealthy families throughout our world.

This is the same Neil Keenan who filed a Cease and Desist order in February 2014 to Queen Elizabeth II, Evelyn and Jacob Rothschild, David Rockefeller, Hilary Clinton, George Herbert Walker Bush, George Soros, The House and Senate of the UNITED STATES CORPORATION, among others.

Monaco Accords

Back in August of 2011, a group of finance representatives from 57 different nations came together off the coast of Monaco to discuss setting up a new global financial

system as a way to bring down the NWO. Countries represented included Russia, China, Switzerland, The Netherlands, Brazil, Venezuela and many others, including various large power players; such as the positive faction (non-NWO) from The Pentagon and CIA.

Interestingly, Neil Keenan was also the man who set this meeting up, which some have called the Monaco Accords. No nations from the West were invited as almost all of them were taking orders from the NWO.

Several reports have shown that when Jay Rockefeller tried to get on the boat, he was stopped by Neil Keenan himself. Rockefeller asked Keenan, "Do you know who I am?" Neil replied, "Yes, you're exactly the person we don't want on this boat." Needless to say, Rockefeller was not let on the boat and the meeting commenced with no NWO infiltration.

In fact, this meeting was so important that Blackhawk helicopters soon came up on the yacht (where the meeting was being held) and attempted to use electromagnetic pulse technology to spoil the party. Shortly after that, French fighter jets flew over the Blackhawks and gave them a warning to leave. These French fighter jets were helping to protect the alliance and this game-changing meeting.

Seeing as the East has most of the world's gold and the documentation to legally bring down the corrupt institutions that have been illegally using the global collateral accounts, this alliance decided to begin creating the new gold and asset-backed financial system. With this meeting heralded as the "shot heard 'round the world" for those "in the know", several other nations joined and have signed the Acknowledgment of Memorandum of the Agreement documentation, which brought this alliance to 182 countries.

Neil Keenan and team then decided to allow the BRICS nations continue on with the plan to create an entirely new and separate financial system from the Western cabal-controlled financial system. Neil knew that this idea of a new financial system would spread and be implemented even quicker with the help of Russia and China.

This then gave Neil Keenan and his team much more time to work towards opening the global collateral accounts for humanitarian purposes; which the cover-up of these accounts is the banking cabal's deepest, most prized financial secret.

Shortly after that, Vladimir Putin and many others began making moves to publicly bring about the BRICS alliance...

The BRICS

The BRICS stands for the nations founding this alliance: Brazil, Russia, India, China, South Africa. Since 2011, we have seen several moves by the BRICS that have been obvious as well as not so obvious. Since this section could well include hundreds of

events that have taken place in the past several months, I'll highlight four of the biggest ones to date.

1. In late June 2015, China hosted 56 nations as a total of 57 founded the Asian Infrastructure Investment Bank (AIIB). Absent from the list was the U.S. and Japan, two of the last countries that are cabal-controlled.
2. Then on July 7th, 2015, the BRICS Bank officially opened.
3. On October 9th, 2015 China launched the China International Payment System (CIPS). This is a huge blow for the Cabal-created SWIFT payment system and is the next big step in yuan internationalization and the end of the U.S. Dollar dominance.
4. On November 30th, 2015, the Chinese Renminbi was officially included in the International Monetary Fund's basket of world reserve currencies. The cabal really had no choice. If they didn't include it, the alliance could simply use their own banks (BRICS Bank, AIIB, etc.) to bring about their shift into the asset-backed financial system. With the inclusion into the IMF, the alliance has essentially maneuvered their way into the cabal's system and now will exert even more pressure on the cabal to either quietly forfeit control of the global financial system or face legal actions for maintaining a fraudulent financial system. All in all, the positive alliance is continuing to gain momentum in ending the fraudulent banking cabal's control of our world.

Anonymous

1. In August of 2013, a detailed report came out that listed insider information that certain members within the hacker group Anonymous, are working with top level U.S. Military Command/Pentagon Command to systematically take down the banking/political cabal.
2. On July 7th, 2015, Anonymous mysteriously tweeted "Wonder if tomorrow is going to be bad for Wall Street...we can only hope." The next day, the NYSE and the Wall Street Journal were taken down for several hours. According to this journalist, the BRICS/Pentagon/Anonymous alliance took it down "as a dry run" with more to come.
3. Then in early November 2015, Anonymous followed through with its threat to release the names of up to 1,000 members of the KKK... multiple of which were U.S. Senators and mayors of major U.S. cities.

Will Anonymous soon begin telling the world about the fraudulent abuse of the global collateral accounts and that these accounts are soon to be opened for the benefit of humanity? We shall see.

Vladimir Putin

Alongside Neil Keenan, Vladimir Putin is also acting as an instrumental leader in

bringing down this cabal. He has continuously played it cool in response to the cabal trying to start a potential World War 3. He has not fallen for the bait but has instead used diplomacy and strategic tactfulness in growing the alliance, especially in the middle east, as a way to financially, politically and militarily cut off and corner the cabal.

1. On November 9th, 2015, Russia announced that it had destroyed 448 terrorist bases in just 3 days and that only 34 ISIL/IS bases remain.

2. Then on November 16th, 2015, Putin announced to the world that Russian intelligence has gathered information that 40 countries are financially supporting ISIL/IS...with some of them being G-20 members. Keep in mind too, that he announced this at the G-20 Summit itself. Can you imagine the panic that went through the financier countries that were present at the Summit? Putin continues to send a loud and clear message: He is going to help expose and end this entire cabal-created charade.

3. On November 18th, 2015, Russia announced that it has destroyed 500 oil tankers that were illegally transporting oil from Syria to Iraq. These were ISIL/IS tankers that were generating revenue for ISIL. Their main source of funding is being cut off.

As Mohammad Ali al-Hakim, Managing Director of Iraq's al-Nakhil news agency, has said, "The end of the ISIL which has been borne by westerners is close."

Judge Anna von Reitz

On November 28th, 2015, Alaska State Judge Anna von Reitz (Anna Maria Riezinger) addressed an open letter to all federal agents, including the FBI and US Marshals to arrest Congress, the President and the Secretary of the Treasury. She goes into incredible detail on the fraud that has been committed. Anyone who reads this is sure to learn at least something. Below is the text and you can open the original pdf [here](#).

Putting It All Together

If anyone takes a deeper look into the geopolitical, financial and energetic happening on our world, it's clear that there is indeed a growing alliance that is taking down the fraudulent banking cabal.

Neil Keenan is about to open the global collateral accounts, which is indeed what all of the financial and political happenings on this planet have been taking place over— that is, the control (and attempt to maintain secrecy) over the global collateral accounts.

Neil's last two updates have been very positive with much to report. Update 1 and update 2. He is about to do what JFK and Soekarno were close to completing: use of the global collateral accounts to completely transform the world for the better.

Putin and the BRICS are cornering the cabal in different financial ways and certainly politically and militarily. We also see Anonymous (who is working with positive elements

in the Pentagon) continuing their cyber-attacks to expose and end the banking cabal's illusion.

Finally, we see a prominent Judge come out and call for the US Marshals and FBI to arrest members of Congress, the President and the Secretary of the Treasury. Stay tuned, the fast and exciting times still have even yet to commence as of this writing. Very good things are happening and even better things are coming for our world.

Anna Von Reitz: "Round Three with Neil Keenan" / V.K. Durham Trust

By Anna Von Reitz

Almost a decade ago, I came forward in support of a lawsuit that Neil Keenan brought against the Federal Reserve Bank of New York. Although there is a lot of underlying detail and skulduggery involved, the essence of the case is simple.

The Chinese Nationalist Government that was eventually overcome by Mao and the Communists deposited a very large amount of gold with the Federal Reserve Bank of New York for "safekeeping". The bank was supposed to pay interest on this Special Deposit, but the Nationalist Government fell, and nobody came to collect for many years.

The Fed basically just kept the gold, claiming that the original depositor, the Nationalist Government of China, wasn't present to reclaim it, and therefore the bank would just keep the Special Deposit and not pay interest on it to the current Chinese Government, either. I have since become aware of many, many other instances where banks around the world availed themselves of Special Deposits that were left with them in good faith, and which they basically commandeered, used for their own benefit, and stole from the original depositors and their heirs.

It's not just a Chinese problem. It's a problem of gross dishonesty and greed and malfeasance by banks worldwide.

These Special Deposits, often referred to as "Legacy Accounts", and often claimed improperly by the banks as "Abandoned Funds", were kept on special separate ledgers by the banks and only appeared on certain computer screens that were accessible only by those who had "keys" and codes to access these screens. I have worked with a wide variety of Trusts and Heirs to these kinds of deposits and the story is the same: the banks seized the depositor's assets, used those assets to profit the bank, and denied the depositors access to their own assets.

So far as I can see, it's Chinese gold and it clearly belongs to the Chinese People. So long as they know that it is their gold, and know that their current government is in receipt, that should be their business. Not ours. Any excuses by the New York Fed, the IMF, or Bank of International Settlements notwithstanding, we know that it is Chinese gold. So, give it back to the Chinese, right?

It's not a political question. It's a question of very basic property rights and the trustworthiness of banks. This problem is so widespread and so pernicious that it has spread worldwide. We have bank deposits of assets in the pentillions of dollars that have been cashiered away in this manner, leaving the actual Heirs and Depositors, and even the Bank Trustees at a loss. Most of the victims haven't even had access to the agreed-upon interest that was supposed to be paid on these deposits.

This has gone on and only gotten worse since the Second World War, until it has become an issue threatening world peace and economic stability. We, Americans, are similarly owed a very substantial part of the gold horde cashiered in the Philippines and Indonesia. We know where it went, how much was transported, who transported it, who was responsible for it going forward. And still, like the Chinese, the actual Depositors to whom this other cache of gold belongs, the American States and People, are being denied access to their own assets and not even being paid interest by the banks. Here's the update on Neil's latest efforts:

<https://www.ellaster.nl/2016/04/15/the-trillion-dollar-lawsuit/?fbclid=IwAR0tvn0ggAlwGN49IVIH4Vv51xFqicKPS5w1MaUS0X14RovxEQ-6JlyGyvY>

Please be aware and please be supportive going forward. You, just like the Chinese People, are owed a great deal of gold, silver, and other assets that are yours by right. A great many other people all around the world have similarly been cheated, and suffered the same kind of theft by other banks and institutions around the world.

One of the key American Trusts that has been defrauded in this manner is the V.K. Durham Trust, which actually owns and should control a substantial percentage of the world's silver assets.

It appears that this process of cashiering actual assets and refusing service to actual Depositors is part and parcel of the Roman Pontificate's Doctrine of Scarcity discussed elsewhere, and that it has served to artificially cripple and obstruct the world economy for the benefit of the banks and various other parties and Principals acting in gross Breach of Trust.

We have been working behind the scenes in tandem to the work that Neil Keenan has thus far successfully prosecuted to bring justice in these matters to the entire world---including the Chinese.

NEIL KEENAN UPDATE | Here's The Record So Far Of The Neil Keenan Lawsuit Filed 11/23/11 In New York

March 7, 20212

I signed up for access to these records back when this thing was first announced and have checked in occasionally. It's public records so anyone can join. I copied one of the docket pages today that has a new entry on 3/2/12. See the entry at the bottom regarding MEMORANDUM TO THE DOCKET CLERK – looks like they figured out a way to push this case out by getting the judge to retire?? This is just one piece of what's coming, they can't hold it back forever.

NEIL KEENAN UPDATE | Current Update: Press Release

Dear Drake,

Nice to know we are both alive brother. Last thing I remember is my reading I am dead. Hahahah.

As you know I do not like interviews and always toss someone else into the middle of them but let me explain this for you Drake. You keep asking me when will I refile and what date and to this there is no answer!

When I compile all the information, I need in which I can kick the financial system in the ass and straighten it out then I will file. My main concern is Jurisdiction which is what the Judge also made mention of and clearly stated that he would throw the case out if we did not prove we have it.

In order to do this, I am going to expose the illegal banking system. Let them then tell me when the Federal Reserve Bank of NY is shown to be part and parcel to the theft. I will have the information to prove this.

Why did I withdraw the case? Because we did not have the Jurisdictional issue in place and I had no intention of showing my hand before I had to. Now I have the time to get what is needed to substantiate all the claims made.

Why didn't I serve anyone during the past 6 months? Because we did not have all their addresses. What good does it do when Danielle Dal Bosco is being hid by the Vatican to serve the others. Dal Bosco is the key here and we now can reach out and grab him whenever we wish but first things first that being Jurisdiction.

Once we get things right, we can close this system down on them as has already happened in BIS and then they will have nothing to fight with. The idea is to take the money out of their pockets. Without this they have no ability to hire the armies they need to deal with the real American People.

The Kazars and Nazis will be left alone to themselves finding nary a dollar to buy what they need to protect themselves and then when weakened the American People can do as they wish with such garbage. It is just a matter of time.

They have hastened their movements and by doing so have hurt themselves throughout the world. Everyone is ready for them and ready to come at them, especially our group. I cannot wait to get what is needed to just simply destroy them and give back to the people what has always been theirs.

We will be refiling and we will have new defendants most likely including the Federal Reserve Bank of NY and the US Treasury among them. We have plenty to include both and invoke jurisdiction.

Until then take care my friend and whenever you need some factual information if I have it then just ask. You are the people's hero and you do your best all the while to give them what is real.

Stay strong and stay safe.

Subject: RE: as per our conversation

Good Morning My Friend,

As always, I want to keep things clear so no one gets confused—most especially me. The case and the liens are two different issues. For the case I must return to Asia to receive the rest of the documentation, I have most recently been promised, that ties in much more than jurisdictional issues. It ties in actions. As you know the phony Euros printed by the European Central Bank are in our possession in Indonesia.

These notes are outright fraud and we have all the answers back to us from the system. They have no value but they made them as payment for the interest on the Gold from the Global Accounts. Once submitted as frauds the European Central Bank could be out of business. If not then I will go back and bring back millions of Euros and let the ECB accept them and validate them or get out of business. Then you have the end of this atrocity called the European Commission headed by some Eastern European Mummies from Hungary (Soros Boys). Exposing the Euro is this simple. Soon, we will be auditing and validating what is real and what is not.

The Indonesians have waited far too long for the long overdue promises to kick in. Asia has waited far too long. The Middle East has waited far too long. The world has waited far too long. Why? Because the Kazars/Nazis controlled US Corporation has stolen from the Collateral Accounts from Day One. Since when has a Kazar or Nazi ever kept even the simplest promise? In this case, they saw the opportunity to financially control the world. Well, we are coming to close you down. Your days in the sun (you are all so white I think you hate sun) are over with. Exposure is already prevalent and, in our hands, but to literally take the money right out of your pockets will take just a little longer. When we shut you down then it is up to others to straighten out the wrongs.

To date, we have closed up the BIS on you and frozen trading for 90 days and making it very difficult for you to do anything. The Central Banks are already in fault not default and, in a few days, they go into default. It is only going to get tougher and when it does you will become more desperate but guess what? There will be no corners to hide in so you will be forced to stay in the middle of the ring until this is over with. It is best you take a good long look at your situation because soon it will be too late.

Sorry Drake got carried away. **Neil Keenan**

NEIL KEENAN UPDATE | Neil Keenan Responds To A Reader's Comment Under His Post:Cease & Desist Of August 16, 2012

August 18, 2012

Paul, who took the time to read [Cease & Desist – Neil Keenan Papers, August 16, 2012](#) had a question: The pages which mention the BS Certificates show 1965 and 1966 and JFK as a signatory. How can this be?

Neil Keenan took the time to respond to Paul, and because many of my readers may not yet be aware of this important information, I've chosen to publish Neil's response here for everyone to read:

On June 4, 1963, Kennedy signed Executive Order 11110 which held the authority to strip the Federal Reserve Bank of its power to loan money to the United States Government at interest.

With Kennedy's signature, he declared that the Federal Reserve Bank would soon be out of business. To this very day the Executive Order has never been repealed, amended or superseded by any subsequent Executive Order. It is still valid.

When President Kennedy signed this order, it returned to the US Government the Constitutional Power to create and issue currency—MONEY—without going through the privately owned Federal Reserve Bank.

As a result, 4 billion in US Notes were brought into circulation in \$2 and 5\$ denominations. The \$10's and \$20 US Notes were never circulated but were being printed by the Treasury Department when Kennedy was assassinated. Kennedy knew the Federal Reserve Notes being used as legal currency were in contradiction to the Constitution of the United States of America.

While the Green Hilton appears to be an innocuous document to read, in its full interpretation it is one of the most profound agreements ever made not only in the 20th century, but also in the history of the world because this agreement was made between a US President and the Trustee of the hidden but combined wealth of the world. These assets are not the property of the United States, but centralized assets under the authority of a centralized system, to be used as independently deemed to be for the better benefit of the World.

Here is Executive Order 11110, Amendments etc.....Executive Order 11110

AMENDMENT OF EXECUTIVE ORDER NO. 10289 AS AMENDED, RELATING TO THE PERFORMANCE OF CERTAIN FUNCTIONS AFFECTING THE DEPARTMENT OF THE TREASURY.

By virtue of the authority vested in me by section 301 of title 3 of the United States Code, it is ordered as follows:

SECTION 1. Executive Order No. 10289 of September 19, 1951, as amended, is hereby further amended – (a) By adding at the end of paragraph 1 thereof the following subparagraph (j): ‘(j) The authority vested in the President by paragraph (b) of section 43 of the Act of May 12, 1933, as amended (31 U.S.C. 821 (b)), to issue silver certificates against any silver bullion, silver, or standard silver dollars in the Treasury not then held for redemption of any outstanding silver certificates, to prescribe the denominations of such silver certificates, and to coin standard silver dollars and subsidiary silver currency for their redemption,’ and (b) By revoking subparagraphs (b) and (c) of paragraph 2 thereof. SECTION 2. The amendment made by this Order shall not affect any act done, or any right accruing or accrued or any suit or proceeding had or commenced in any civil or criminal cause prior to the date of this Order but all such liabilities shall continue and may be enforced as if said amendments had not been made.

JOHN F. KENNEDY
THE WHITE HOUSE,
June 4, 1963

Once again, Executive Order 11110 is still valid. According to Title 3, United States Code, Section 301 dated January 26, 1998:

Executive Order (EO) 10289 dated Sept. 17, 1951, 16 F.R. 9499, was as amended by:

EO 10583, dated December 18, 1954, 19 F.R. 8725;

EO 10882 dated July 18, 1960, 25 F.R. 6869;

EO 11110 dated June 4, 1963, 28 F.R. 5605;

EO 11825 dated December 31, 1974, 40 F.R. 1003;

EO 12608 dated September 9, 1987, 52 F.R. 34617

The 1974 and 1987 amendments, added after Kennedy's 1963 amendment, did not change or alter any part of Kennedy's EO 11110. A search of Clinton's 1998 and 1999 EOs and Presidential Directives has also shown no reference to any alterations, suspensions, or changes to EO 11110.

Kennedy was assassinated on November 22, 1963 and the US Notes he had issued were immediately taken out of circulation. Why? Because they knew that if the silver-backed US Notes were widely circulated they would have eliminated the demand for Federal Reserve Notes. Kennedy challenged the powers that exist behind US and World Finance and boldly faced the two most successful vehicles that have ever been used to drive up debt:

- 1). The Viet Nam War and**
- 2). The creation of money by a privately owned Central Bank**

When you tie the above two together what you find is that removing the troops from Viet Nam combined with executive order 11110 would have destroyed the profits and control of the Private Federal Reserve Bank. As for the Green Hilton Agreement and the answer to many questions relating to the dates here is the answer:

The Green Hilton Agreement was not implemented until 1968 (this is why the dates differ between Kennedy's signature and the dates of the assets) when Soekarno fell from office and when Global Trade made it imperative that the world have a Global Currency. As the Gold had been transferred to the US Treasury in 1968, a series of Bonds known as Kennedy Bonds were issued in order to honor the terms of the Green Hilton Agreement made between Kennedy and Soekarno, since the 1968 terms of the gold delivery to the United States were different than those made in 1934.

When after 30 years, interest had not been paid as promised, the bonds were reissued in an increased number as commemorative notes and were accepted by the owners of the Gold:

The Dragon Family held the Soekarno Trust, the Indonesian Elders, Holders and Gatekeepers. The Soekarno Trust held mostly all the assets of Asia.

NEIL KEENAN UPDATE | Neil Keenan Says, "Blankfein, We're Coming After You!",

August 22, 2012

Neil Keenan read the article I recently posted called [GOLDMAN: It's Time To Bet On A Big Comeback In Europe – :\)](#) and decided to respond to it. ~J

- This is absolutely the most absurd statement ever made by any banking official! Bet on Europe to come back big, he says! Well, there is some truth to his words, but the banksters just don't get it yet: Yes, Europe is going to come back big, but this is going to happen because Europe is soon going to shed this horrible European Union Commission!

A Commission run by Communists, Socialists and most especially Globalists. An Organization that believes it controls Europe and its purse strings, when in fact they have illegally been using the Collateral Accounts (Global Funds) to finance Europe. All any nation has to do is just ask these banksters if the money is legitimate—is it clean—and they will falter!

On the other hand, Europe needs the money so badly that in most cases they are afraid to ask such a tough question—and they take the illegal funds! Well, the funds have been shut off, and if the BIS allows them to continue to mirror the Accounts, we will come after them.

The EU Commissioners realize we are watching them, and they know what they have done to destroy our world by working with the Cabal. What we must all realize, though, is that the BIS, IMF and the WORLD BANK are all one and the same—all Globalists.

Upon being appointed to the Head of the IMF, [Christine Lagarde](#) [presently European Central Bank] did come forth and put a stop to the laundering of funds within the IMF, so the mirroring of Global Accounts has stopped there. Christine is doing a great job of frustrating the Globalists, but remember, she is also managing to save her own skin in the process.

Let me get to the meat, and that means you, Blankfein. You have played your Globalist Games long enough, and it is time for people to know that Goldman Sachs is literally attempting to take over Europe.

You have illegally put in Monti as Prime Minister of Italy and Papademos as Prime Minister of Greece, and to top it off, you have Mario Draghi as head of the European Central Bank. You are even looking to make more undemocratic, illegal appointments with which the people of the concerned nations have no say, no vote, and this cannot be permitted to continue.

You have used illegal funds, and you have paid Debt with illegal funds. The Global Accounts are filled with your phony Euro Notes that you use to pay off the Leased Gold. Yes, Lloyd, we have many of them, and what would you do if we were to walk into Draghi tomorrow and claim they be validated?

What would happen to your show? It would simply shut down—unless you actually found a few shekels to pay them off. Then again if you pay off a couple of Euros, you would have to pay off the Trillions of Euros you printed to pay your debt. All phony!!!! And, the fact is, you can't do it! You can't pay off any debts— not anymore!

You have deceived the Global Accounts long enough and have not paid your debts properly, and I am coming for you shortly. You can expect us! Soon we will be knocking on your door, and you will be arrested—despite having your attorney present with you at all times. Lloyd, you have made a mess of it.

It is over and you will all pay. Count your blessings that you are still free, but breathe the smell of liberty while you can, because soon you will get what you reaped—a long time in prison. It is difficult for me to imagine how we, the people, have allowed you to be free so long, but maybe enough of us have now opened our eyes to actually put you away.

Yes, Europe is ready to rebound, this fact is for sure—and they will—just as soon as they shed themselves from the Goldman Sachs-Bilderberg albatross! Europe will rebound and begin once again to use the old currency denominations we are all so familiar with. Mr. Rothschilds' dream of this European Union has failed, and it is best for him to get out while he can.

It is a situation where the phony money is going to come back and bite the Nations that printed it—instead of innocent people. Believe me, I have seen the Euros the Treasury Departments have used to pay their debts, and they are no more valuable than toilet paper—well, no, actually, toilet paper has more value!

(Photos of these totally useless payments will be published here on a daily, on-going basis.) Some of what you will see is real and some is not. It is how they print and pack it. They pay their debt by printing phony and real money, but the Holders have no idea of what is real or not, so they do their best not to pay at all. They are nearly all Frauds.

The pictures I am sharing are some of the bundles in the bunkers. There is so much more. No one has any idea without monetization if these funds are real or not. The result is that the Global Accounts do not actually know if anyone ever paid.

It is one massive FRAUD and an audit and review must be done to establish what is real—and what is not. We are bringing a Bank to Indonesia to deal with this and do an accurate accounting, and upon completion we must decide who to prosecute for Fraud.

There is an old saying and it applies here perfectly: “In the land of the blind the one-eyed man is king”. Well, this might have been correct at one time, but now people are opening their eyes and their target is YOU!!!! Run-Lloyd-Run! Yes, Run, Lloyd, run—and keep on running.

NEIL KEENAN UPDATE | Keith Scott Undressed – Or Why Neil Keenan Has Not Re-filed His Lawsuit

August 27, 2012

Keith Scott Undressed – Or Why Neil Keenan Has Not Re-filed His Lawsuit.

Dear Jean,

I think it is time Keith Scott is exposed for the charlatan he truly is! Since you now know who I am and now have knowledge of the truth of what I say, I trust you to put this story out there, because I've about decided that Neil Keenan isn't going to do it.

Keith Scott has single-handedly created a nightmare for Neil Keenan, and I've decided as something more than just an onlooker that it needs exposing—and I will continue to expose him with more and more details until he retreats completely from the scene.

It is not difficult to understand that this story of what can only be described as Keith Scott's sickness and Neil Keenan's nightmare is difficult for Neil to tell, since it exposes Keith for what he is – and Neil is not a cruel man, and I understand this. It seems the Keith Scott needs a doctor more than a jail cell.

Yet, Neil is also very aware of the burden that is on his shoulders. He knows people are suffering greatly, he's not going to give up, and without doubt I believe he will soon re-file those lawsuits.

But let me tell the tale.

If you have never seen a 400-pound man undressed, it's not a pleasant sight. Being so naked is never nice, but this is much, much more than not being nice. It is horrific. The image that Keith Scott will leave upon us all is one of horror and deceit.

I thought him to be a kind, considerate gentleman, but late last night I received a phone call that turned my opinion of Keith Scott upside down.

At approximately 11:58 last night my phone rang, and when I answered it, I found Mr. Scott's worse nightmare being presented to me on a platter. Scott apparently is a master of disguise. When I picked up the phone the person at the other end of the line described himself as a long-time acquaintance of Scott's.

He clearly stated that Scott is anything but kind, considerate or truthful, and has played with us all by using names such as Amon Christenson and AC/DC to correspond with us. I have communicated with 'Amon' in the past, and I know how he always made Keith Scott look better than Neil Keenan.

I always asked myself, "Why?" but now it all begins to make sense to me. So that you understand: Keith Scott masquerades as Amon Christenson – and AC/DC!

Let me say that the story I am about to tell reads like a horrible ladies' television soap opera – a nightmare soap opera, really, and I'm not going to relate the half of it. You just don't want to hear it. While I'm not one bit happy at having to expose Keith Scott for what he is, when I consider the fact that the people on this planet are having to continue to suffer because of this man's continued behavior, I feel like it needs to be exposed so that he has no place to hide – and can do us no more harm.

I already knew personally from Neil Keenan that his trip to Indonesia was a nightmare. He had thought everything was a done deal there, and all he had to do was pick up the documents so he could re-file his case. Keith Scott had allegedly worked six months on procuring the documents Neil needed, and he even skyped him, advising him that everything was waiting for him upon his arrival.

Neil then bought a ten-day round-trip ticket, thinking that he would only need a day or two to pick up the documents, yet six weeks later, when he finally left Indonesia, he left without a single document from the package of which Keith Scott spoke. He had to come face-to-face with the fact that Scott had not made any attempt at all to do what he said he'd done!

His words were only words and nothing more. It then became apparent to Neil that he had to undertake the task of getting the documents himself. Soon after doing so, he began to receive phone calls from Indonesians who were assisting with the case, advising Keenan they wanted to see him and only him. It must have been bad, because he wasn't even to let Scott know they were coming. By the way, just so you know – Scott is not now, nor ever has been a co-plaintiff in this lawsuit.

The case was never Keenan/Scott or Scott/Keenan. It was filed as Neil Keenan, and it will be re-filed as Neil Keenan. Others also called and requested that Scott be left out of meetings, including the Soekarno's. The documents Neil Keenan did procure and carry home with him were because Neil realized what was going on – and set to work to do what he could on his own. Nevertheless, Neil still has to return once more to Indonesia to pick up the rest of the papers, videos, and documents that will confirm the Southern District of NY as Jurisdiction.

The following is only a bit more of what I learned in my conversation last night, but it will give you an idea of the continuing, sick nightmare behavior on the part of Scott that Neil is still enduring –

After Neil received the necessary documents to complete one of the deals that Neil and Abraham Stanbouli made on their own, Scott started calling Neil's connections directly, trying to do a secondary deal with them, while leaving messages with them like – “do not let Keenan know we are doing this.”

Even before such a conversation ended, however, Neil knew everything, because he had the entire system working on his behalf, and he listened in on Scott. Thank God Neil's friends called him and advised him what Scott was up to. Scott was even sending Neil's own legal documentation relating to the case to people in an attempt to pump himself up.

On July 7, 2012, when Neil Keenan left Jakarta, he asked Keith to do only one thing for him: deliver a package to someone from Singapore, nothing more. Yet, even here Scott violated his agreement with Keenan, attempting to use this opportunity to cut Keenan out of the deal, but still use Neil's connections. Then Keith brought in Peter Wagoner – another person who requested Keenan's help, and together they all made an attempt to steal Keenan's connections.

Peter Wagoner

They sent letters out to bloggers, lawyers, and Keenan's friends, in an effort to destroy Neil. In particular, it was Keith Scott who tried to destroy him, but Keith did not know that Neil was not without some advantage. Neil listened in on many of his calls. As a result, because the BIS would not sanction the deal without Neil's signature, Scott lost his first attempted takeover deal. He lost the second attempted deal because Keenan scared everyone away, and again the BIS requested Neil's signature, which, of course, he didn't give.

Scott at that time was speaking directly to Neil's connections at a major Foundation, and it was here that Scott learned that without Keenan there was no deal, and that if Keenan did not sign, there would be no deal. When Scott became upset, he was even told that in order to do any deal he must make peace with Keenan.

I'm told they even said, "What did you expect? You are trying to steal his deals. We only work with honest people." All over people came back to Scott raking him over the coals, and finally Scott told everyone that he just wanted to work alone. To that statement, everyone said, "Okay, do so, but with your own connections!"

Often, they even let him know they were aware he isn't honest, and asked him not to bother them again! (Neil said he has letters stating this in his possession!) Scott always called Keenan a pit-bull and later on a Rottweiler—while describing himself as something of a gentleman. I ask you now, what sort of a gentleman is Keith Scott!

The avalanche of deceit goes on to this very day. As I was speaking with Neil, he was receiving messages from his coveted source, and he pulled them off of the machine and shared them with me. Here is also another note that Wagoner sent out that was also grabbed at the same time:

First conversation: [07:02:44] Nelu: [8/23/2012 to 10:18:58 PM]

Peter Wagoner: Keep this between you and me. Abe did not check into his hotel last night so I feared something bad had happened. So, I called the Police and they confirmed that he was in custody but refused to give me any details. So, I immediately flew to Singapore this afternoon and I just arrived but I have not been able to see him yet to find out the whole truth.

Please do not tell Neil anything as this could be very damaging for Abe's reputation. So, I am sorry I cannot help you in any way as I am trying to sort out this issue for the time being.

* * * * *

In the second conversation, I do not know with whom Scott was speaking, so I have deleted his name...

[17:55:15] S: Hi Keith, how are you?

I heard that something bad might have happened to Abe.

Can you tell me if this is true? Is he in jail?

[17:56:41] Keith Scott: Well, it seems that way. He went into the Monetary Authority in Singapore. We have not seen him since.

[17:57:01] S: Wow? No report from him at all?

[17:57:40] Keith Scott: The whole thing has turned to shit

[17:58:09] Keith Scott: now a very big problem, but maybe we should not talk about it

[17:58:30] Keith Scott: I am here with no money and no way to get any in

[17:58:40] Keith Scott: big problem

[17:59:09] S: Ok, I understand. I don't know what it is about, but good luck take care!

[17:59:18] Keith Scott: I think Keenan is behind all this problem

[17:59:25] S: really?

[17:59:34] S: I don't think so

[18:00:45] Keith Scott: I don't know. I just want to get out of Indonesia

[18:01:11] S: Yes, of course. Be careful, ok?

Peter Wagoner, of supposed Rockefeller fame and fortune, then attempted to step into Keenan's former position with Scott, but found that what he had to work with was not what he thought. Nevertheless, he attempted to persuade Alex Le Ling Soon, a real gentleman and a very astute businessman from Singapore, to part with some money to finance what Wagoner said was his financial package. The meeting with Alex Soon took place in Singapore approximately eight days ago, and it now appears that Wagoner is not a Rockefeller at all, but part of a professional group of cons led by Gerry Drown, a Wagoner associate. They are well known in the Philippines.

In the meantime, Abraham Stanbouli, another member of this same group is now in a Singaporean jail. He attempted to illegally cash some Singaporean notes, and guess who pushed him into doing it? That's right, Amon Christensen! Oh, sorry, I mean Keith Scott—he needed money. Broke as they come. Abe, because he is a wonderful person, apparently went over to Singapore and did try to cash the notes—and was arrested.

He now is in jail facing fifteen years. What everyone does not know—and needs to know is that Neil understands that Scott had all the information regarding the cashing of these notes. He knew from Scott's Malaysian friend that former Prime Minister Le Kwan Yuah stated that the notes may only be used government-to-government. Scott knew if anyone attempted to cash them, they would be arrested.

Neil was quite upset and asked me why Scott would push his friend into going, and why wouldn't he tell Abe what he knew? Finally, Scott himself is under watch. It is very possible that he will soon be arrested as well because, amongst other things, he has immigration problems.

This is the very short version of the story of why Keenan did not come back from Indonesia and re-file. He was fighting a battle that he will win, and as he told me "in the midst of enemies I found friends," but their names are not Amon Christenson, or AC/DC, or Keith Scott!" Jean, I want you to know that I believe Keenan is going to get everything he needs, and he soon will re-file this lawsuit. It will be stronger—as Keenan also will be for fighting through his ordeals.

As soon as he re-organizes his financing, he will do his best to present to you a different world. He is a fighter and he won't give up; however, what a nightmare for him! Look at the damage Scott has caused since Keenan has left him on his own. As they say "Desperate people do desperate things."

Since you have now verified who I am, I ask you to publish this so that Neil Keenan can continue his work unobstructed by this rather sad individual, Keith Scott.

Many thanks! (Informant's name removed)

NEIL KEENAN UPDATE | Drake Says: Wagoner Attacks Keenan, Keenan Attacks Wagoner, And I'm The Referee...

August 27, 2012

This information starts with a letter from a con man, Peter Wagoner, who erroneously claims to be a Rockefeller and whose intent was to get financing for his own selfish purposes. Wagoner contacted Drake and attempted with lies and not-so-clever deception to draw Drake onto his side. Neil sets the record straight with his responses, supported with background communications from several of the "players."

Ref: Letter of Explanation Drake Bailey

Dear Drake,

It is time we talk directly, as the work we are both doing is the most serious work of our generation. It is important that we do this work for the benefit of mankind, and not for our personal egos. I am requesting a conference call by Skype to sort things out in a proper way, because the disinformation and lies that Neil Keenan is reporting are going to be damaging to your credibility and mine if it continues unaddressed. If our credibility is tarnished, then our ability to be effective is greatly diminished and we simply do not have time to waste cleaning up these types of childish games.

Keenan responds (in bold and italics):

Dear Mr. Rockefeller I mean Wagoner; I understand Drake's serious work, but what serious work are you talking about that you are involved in. You have a financial package, one that your Rockefeller Family did not finance for you, so you are looking for outside financing and going from one person to the next throughout Asia hoping to acquire some shekels from someone.

Your financial package is not superior to Benjamin Fulford's nor was it superior to Dr. Vandemeer's or any of the others out there. And in fact, if you are a Rockefeller then your family would do this for you. You said your mother is David Rockefeller's sister and I doubted you then, and that you are a Lawyer which you told Benjamin and myself. I doubted you from the very beginning but spoke with you out of respect for Benjamin and look where you have ended up...Hahahah you are a thief Peter and you lose. You got caught!!!

I have firsthand knowledge of this case, as it is my mission here on Earth ***Your Mission is make everyone's pockets a bit lighter. Remember what you told me Peter. You would get the money and then come to me and arrange it so I would never need money in financing what I am doing. Do you think I believed you?***

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

While I do not know everything, you can be most assured that the Global accounts are real, as I have checked them thoroughly. ***I doubt you can get anywhere near them not being a Rockefeller nor a Lawyer.***

I have been on this case, so to speak, for over 20 years, and have traveled the world in search of the truth totally independent of Neil Keenan, Ben Fulford, or anyone else whose name you would recognize. ***You have travelled 20 years and it has led you to Keith Scott through me. Hahahahah, you are one sick puppy. All those real people out there and you want us to believe that your finding Scott is the answer. Hahahah.***

I have received my own contacts with the Royal Families and the Amanah, ***you did not bring yourself to the Amanah. It was Abe that brought you there.***

The Trust which controls these assets – ***and they do not control these assets. Not the people you met anyway, and if so, why do they go to the Elders for what they need. You are way off base Peter and it is good you are because it shows how little you know after 20 years.***

It is only in the past 2 months that I have been in contact with Ben Fulford, and thru him, with Neil Keenan. while bold and challenging, was not one that the Royal Family members that I knew would approve of. These assets are in the private, and it is not appropriate to use adversarial public legal action to bring them into the public. Nor did these royal family members approve his legal actions, or him thrusting public awareness of these assets into the limelight. ***I care about the Dragon Family not the European Royalty nor do I believe for one second you know anyone there seeing the few I know never recognized your name.***

I found out that Neil had asked for an outrageous share of any proceeds from his legal actions on their behalf. ***Say what? Hahahah. We had an agreed-upon figure and this has nothing to do with what is going on. What is going on is that you would like to work with the people I brought to the table but little do you know that they carry lots of baggage and now you will carry it.***

When they turned him down, suggesting a smaller amount, he appears to have gone rogue. ***I was never offered a smaller amount and the would-be buyer can confirm why this deal never happened. And it is simple, Keith Scott lied and cheated and was more than dishonest and the buyers who were brought to the table by me were distraught by the conversations they held with Scott.***

He furthermore attempted to do another deal whereas he states “do not let Keenan know anything”.

They withdrew their support of his actions, and issued the Cease and Desist letters which you have received. At this point, I still have not ever met Neil, though I have spoken to him on the phone. ***You make this C & D sound so serious when in fact it***

is just a simple piece of paper constructed by Scott and signed by someone other than the Amanah.

Recently, I took a trip to Singapore to meet with some investors. I was surprised when one of the groups there introduced me as “The Rockefeller’s Lawyer.” When I asked why they called me that, I was told that that is how Neil referred to me. ***It is how you referred to yourself. You should not have been surprised — after all, Benjamin refers to you in his blog as the Rockefeller Attorney which is how you introduced yourself to him and to me. Your mother was his sister. Remember?***

I have never been a lawyer ***Of course you haven’t and you have never been a Rockefeller either.*** and I have never represented any Rockefeller in anything. ***I doubt they would let you seeing you must be one of the illegitimate members of the clan.***

It is true that my aunt married a Rockefeller ***not aunt you said mother and that you saw your Uncle David once a year but did not like to. Oh, the webs we weave when we get desperate, Peter. Did you really think you would just walk over there and take what I had produced? I say not,*** but I have never had contact with that family, even as a child.

I know Alex from Singapore ***If you knew Alex why did you have to call people, I know to get together with him?*** and he is a very straight forward honest business man. He was trying to help resolve a case for Dr. Seno. ***No, he is not helping to resolve a case he is trying to help Seno get the Family Heritance Guarantee which you also apparently know nothing about.***

Keenan met with him and earned his trust, and then conned him out of USD \$30,000 for expense money to make certain introductions that will never happen. ***I never conned him and never got a dime nor did I ask for one. Nor did I ever proffer introductions.***

This is wrong! Keenan has made a real name for himself conning people out of expense money ***Expense money? Yes, Alex flew Nelu and myself to Singapore but neither of us wanted to leave. Alex was supposed to be in Jakarta upon my arrival according to Jack (another con) to complete a long-standing agreement that went on for three months.***

I also understand you told Alex you wanted 100 thousand up front and he asked what about Keenan (if he really gave me 30 thousand why would he be so concerned with what happened to me) and you said “he is a fool and forget him.” And here we are, Peter, right where you belong, lying about your family name and business and everything else.... claiming to have the skills to resolve this case or that case when, given the kind of person he actually is, this will never happen Sorry we did not have a case to resolve. My case is my case, no one else’s.

I am not in disagreement with the fact that expense funds are required for this kind of work, but one must have the skills and integrity and higher spiritual understanding of the true nature of this problem to have any hope for success. Without the ability to understand how to connect the dots, one will never succeed. ***Then you should go home because you are missing many dots and buttons from what I can see.***

Drake,

Upon reading Wagoner's letter, I must conclude that he has no damned idea what he is talking about. None whatsoever.! As many know for example Alex Le Ling Soon was not there upon my arrival and I waited 2 weeks before hearing from him. The delays were acceptable seeing his family member had passed away. After this he wanted to fly us to Singapore to conclude the deal.

While there, money was never mentioned and I have his proposal still in my possession. Two weeks after returning to Indonesia, Jack brought up the fact that Alex wanted to meet with Rothschild and that was never part of our agreement, so I said NO. Then again, come to think of it, I introduced Alex indirectly to a make-believe Rockefeller (Wagoner) — isn't that close enough.

Also, you never got a dime. Did you connect your dots?

[23.8.2012 r. 04:41:25] Nelu: Last night Mr. Nelu already explained to Neil that he did to Singapore to bring documents to verify the truth of Dr. Seno document before Mr. Alex Soon as sponsors and to show that what has been done Mr. Neil is the true and only Mr. Neil that can do it all.

Nelu went to Singapore with Jack rather than Peter Wagoner and not to leave Mr. Neil. Proven proposal given by Peter Wagoner rejected by Nelu and Alex Soon. Until now Nelu still hear and do all the suggestions and commands

[23.8.2012 r. 05:02:49] Nelu: Because until this moment Alex Soon also did not provide the funds to make the deed in the Notary Foundation Nelu then assume all been dead ends.

Seems that you have your facts mistaken. They shut you down. Refused your offer for your inept financial package. Let me tell you something Wagoner, I have seen 50 financial packages none better than Dr. Vandemeer's and Benjamin's.

All with Free Energy and the one with the European Free Energy is considered by the Russians and Chinese by far the best. So why would people waste their money on your package. Tell me? You are even behind in this regard. Far behind. 20 years of what did you say?

We can go on all night about your inability to find accuracy in statements and you are the fool for accepting all you do but then again you contribute greatly to your own demise. Your reputation should take a HIT for this and I PRAY it does:

Mr. Wagoner claimed that I called someone a liar, thief, and diddler which I meant to keep out of the News seeing it is a horrible thing to be called and then again to be one.

He also says Dr. Vandemeer was interested in becoming part of THEIR GROUP. Well, here is what the good Doc god bless his soul had to say when speaking to me. Little does Wagoner know that Dr. V did not speak to Scott for 12 or 13 years and the reasons why:

[03.8.2012 r. 19:52:40] Dr Michael Vandemeer: i am man of honor, i even honored Keith Scott by not informing you of his true history, unless i discussed with him and warned him of his messing with poor young girls, but i wanted to inform him, over the phone or skype, Or how about his interest in your group? You say he was interested!

[09.8.2012 r. 18:47:45] Dr Michael Vandemeer: Mr. Keenan, it is my life my reputation, and my analysis of that which i have gleaned from the world situation, i have never been wrong in my predictions, when you met Keith and sang his songs of how brilliant he is etc., much could have been brought to grinding halt yes, he did not want to call me, you had to make discovery about him and many other persons yourself, it costs money and time plus reputations.

I informed you when Keith tried to draw me into his conversation on sexual child exploits in Cambodia. I dropped him because of this and he had cost me much money and time with the year in and out that the monies for the projects was around the corner, year in and out, i will sort the wagoner and Dr. Eckland matter out, myself and friends called me today to tell me they are not who they claim to be. when are you going learn there are other persons on earth, that think do and have their own deep experiences around the world?

I play matters very close to the chest, as i have no avarice and greed or ulterior motives, before the egg there was a chicken created. it is not whether it is Salle, Ferguson, Keith etc., child abuse is repugnant, i look upon it in the same terms as murder, it robs the soul, i have a difficult patient at the moment that comes from leading family in Napa, and the destructive forces it created in her life, her health, but she is making great head way.

Did Dr. V. state that Wagoner is not from the Rockefellers as stated above? And did Dr. V as he has told me many times stop communicating with Scott (for the first time I hear why) because he is a diddler. I left Scott because he is a thief and attempts to use your connections without your knowledge. Here are more statements countering Wagnoner/Rockefeller's self-serving statements: Who lied to who?

[28.7.2012 r. 01:02:09] Dr Michael Vandemeer: i have just been waiting for him (Scott) to make his move as well, i have warned you enough about him, yes someone from saint Germaine contacted me last week about you, asking questions, about the trust etc. your disagreements with Scott must stay under cover please, the statement i have written has essence, do be circumspect, he has had access to much inside workings and personal!!!

[28.7.2012 r. 01:03:30] Dr Michael Vandemeer: no unravelling please the opposition loves dissention, and wedges, Chris to Keith. As you can see the problems are mentioned and Scott was told he had to make peace to stay involved. Scott was the delivery boy for this deal but he wanted much more. Much, much more.

[29.7.2012 r. 13:27:39] Chris: [11:00:52] Chris: ok be careful with the bank you are talking about i have dealt with them as for neil i don't know i don't think he knows who he is dealing with i run the federal service in europe ask alessandro he will tell you i meet with the IBS next week to resolve Indonesia problem me and my team don't play we will do this at government level i was asked to talk to neil so this could be resolved and it will be i suggest if you are part of his team make peace regards chris.

This is when Chris saying goodbye to Keith ...Keith had asked him to do deals behind my back but Chris is very honorable and did not like the deceit involved in the way Keith tried to do things. So, he said Ciao keith do not let the door hit you in the backside on the way out. Below.

Chris:

[09.8.2012 r. 13:14:46] chris: [11:14:32] chris: keith i don't want to know about all the shit that goes on with you and neil i have no interest i only get concerned when people i introduce start doing stuff i don't care about the money i just like honesty but i run a very powerful foundation and they will not put up with this so best of luck. Or how about my not having connections and so forth and again the good doctor who listened in too many of my calls:

Dr Michael Vandemeer:

WITH THE PRIVATE BANKERS THIS IS AND OTHERS GERRY MANDERING THE DERIVATIVE ACCOUNTS WITH OBAMA, TO SAVE THE ECONONY OF THE WORLD WITH CRIMINAL INSTRUMENTS CREATED IN YEAR 2002 WITH BUSH SENIOR AND GREENSPAN AND THE HENCHMAN OF ALL TIMES FOR THAT PERIOD CLINTON, THIS IS THE DEATH KNELL FOR THE WORLD, I WILL SEND YOU TWO REPORTS, READ THEM, THIS IS WHY YOU RECEIVED THOSE CALLS TWO SATURDAYS AGO, FROM JUDGE WHITMORE, BUSH JR, FRANK CALUCHI, JAMES BAKER CARLYLE GROUP,) I.R.S. CARBARTATE JEB BUSH, BOLTON, JOEY ACKERMAN. MATTERS ARE MOVING FAST FOR THE MELT DOWN AND TRYING SETTLE DEBT WITH SOMETHING FAR GREATER THAN DEBT, GREECE MUST FALL TO CREATE THE DOMINO AFFECT FOR THE SAFETY OF THE WORLD, THERE ARE NO WORDS TO EXPRESS THE CRAFTINESS OF THE KHSARIAN DEVILISH MIND!!

Finally, Keith knew that Abranham Stanbouli never should have walked into the Singapore Monetary Authority and as mentioned above, Chris stated that the deal was government to government. Keith also received this information from his friend that contacted PM of Singapore:

Neil...Keith has told me about these old Singapore currencies when I was there, and Could I do something about it. I have my friend who knows Sing. PM, he has approached the PM with these notes...the reply to my friend that they know about it a long time...these notes are issue during the Soekarno time...it can only redeem through Govt. and Govt. not outside the bank...he warns my friend don't get caught holding these notes they get arrested.

So, two groups told Keith not including myself not to let Abe go into the Singaporean Central Bank but Keith while I was there was stating there is no way anyone can get arrested and he even tried to get someone to go into the Hong Kong Central Bank with no takers.

Abe Stanbouli is in jail now do not believe Wagoner and if this is a game then he is playing it with all Abe's friends and family. This is from last night and by the way Wagoner is trying to protect his credibility but after this I am afraid, he will have to look really hard to find it:

Here is the conversation of the 26th one that Wagoner did not know about:

Keith and a friend of ABE'S.

[26.8.2012 r. 15:07:54] S: [14:00:01] S: Hi Keith, how are you?

Any progress? Is Abe already out, can you give me an update?

[14:01:36] Keith Scott: Hi S. Not much to tell at the moment as we cannot get information but Peter called me and told me it is 15 years for attempting to pass counterfeit currency

[14:01:55] Keith Scott: This is not just a smack on the wrist thing

[14:02:01] S: What? Is Abe facing that?

[14:02:10] S: Is there anything we can do?

[14:02:40] Keith Scott: That is what Peter has been told. I did not want Abe to go, but he was determined

[14:03:02] Keith Scott: I think he needed to get some money back

[14:03:15] Keith Scott: and felt this was the best way to do it

[14:03:18] S: Yes, I'm afraid so.

[14:03:36] Keith Scott: I don't think there is much anyone can do.

[14:03:57] S: Ok, mate. Sorry to hear.

When will we know for sure?

[14:04:14] Keith Scott: I am totally screwed. Trying to get my brother to cover the costs of getting me and Shahany out

[14:04:31] S: Yes, important to get out of there ASAP

[14:05:00] Keith Scott: I think we might have some indication of what is going to happen on Monday afternoon or maybe Tuesday.

[14:05:59] Keith Scott: Peter has been talking to some people there who have a lot of clout and has explained everything to them and he has managed to get some sympathy there, but how that translates into help is yet to be seen

[14:06:20] S: Ok, let's hope for the best.

[14:06:32] Keith Scott: hopefully I will be out of Indonesia by maybe Tuesday (fleeing the country....)

[14:06:48] S: yes. OK, thx mate.

Take care

[14:06:55] Keith Scott: Cheers

What more needs to be said about Peter Wagoner's honesty. He sat right in with this group and started lying from the beginning and he fit. Let's just call it right. Wagoner is not important. He lied about being a Rockefeller to both Benjamin and myself.

His mother is not David Rockefellers sister. He is not a Lawyer, again a Lie, so what is he? He is no more than an individual desperate to sell his Financial Package and he hoped and prayed Alex Le Ling Soon would purchase it or finance it for him or that he could get his hands on the Global Accounts but this is never going to happen.

Not for someone like this. Alex is not a stupid man and he never gave me 30 thousand dollars. This was not meant to be seen but my friend Drake would never keep anything from me unless it was to protect me. I am thankful the WORLD has had the opportunity to see this newbie called Peter Wagoner and what he is all about.

Dr. V wanted nothing to do with him and had heard he is not what he claimed and of course the children entered into this and Keith not only has Dr, V making such statements but the Fed have a pretty big file on him as well. Chris made it clear with his chastisement on honesty to Keith and his saying goodbye and so much more. It all is pretty clear and is overkill but I have much more I never produced.

I am sorry people have to see this but it had to happen sooner or later. They were trying to get rid of me and I am not that easy to get rid of: I BITE.

Wagoner, you told Alex Soon that I am a fool but guess what? It seems that you are the Liar and Fool here. You should not play with the big boys when you are only big in size. Lights are on but no one is home. Now go play with your diddler and shut up!!!!

NEIL KEENAN UPDATE | Neil Keenan's Response To Some Of The Statements Made By A Recent Article

NEIL KEENAN UPDATE | In Response To Casper's Latest Opinion – Keenan Speaks Out

September 24, 2012

On Sunday the infamous "Casper" made scathing remarks aimed at Neil Keenan and various others whose work revolves through the world of the World Global Settlements, Prosperity Packages, the Dinar/Global Currency Revaluation, and of course the Wanta Reagan Mitterrand funds. Casper's Opinion gives out information that is incorrect – be it because it's "disinfo" or because his sources are leading him around by the nose, I just don't know – but it definitely has a slant that is not right in my opinion.

Neil's reply:

Hi D, who is Casper? Is he the friendly ghost? hahahah... I did not read it all, seeing it is just hogwash. I guess he has been around for a long while making promises to the people who put their faith in him and then find out that the ball, he gave them has no air. I could give you a litany of things they have promised, but you all know what they are and not one of them has been true. For something to be called the "Wanta funds" it must mean that he earned this money somewhere along the way, but this is the money that was used to take down the USSR. Where did it come from? The Global Accounts, and guess what that is, where it is sitting right now? Sorry, no Wanta Funds, it is a myth.

I will not allow them to keep pounding us with this crap. Am I stopping the American People from getting any of these funds by forewarning them not to believe this? Not at all. I am simply advising them that this will never happen seeing it does not belong to the White Hats or Wanta. It belongs to the Global Accounts. Those funds were stolen from the Global Accounts, and are now resting comfortably in the accounts.

Do you remember the You Tube presentation from the very same people, Casper included, that the White Hats had 120 nations supporting them and that we would shortly have a new financial system? Everyone said "WOW." I did not say "WOW," nor did David Wilcock, and why? Because we were in touch with those nations and at that time there was not 120, but much less. One day after this release, David (Wilcock) received a call from Danny Gamage asking for help. Seems that the White Hats had not one country backing them and they needed help. When David could not help them, I received a call from the White Hats asking for the same help. Their Your Tube release was full of crap, just as many releases have been.

Now do not get me wrong, I have seen some White Hat releases that are fantastic, but to be honest I only read a bit of it. Doctor Michael Van de Meer used to argue with me over them and who they represent. I would tell him they are disinfo and nothing more. I know what I am doing and they attempt to cross over into my realm on occasions, and when they do, they show where they stand. They might mean well and if so then they should stop publishing the nonsense they do.

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

As stated above, some of their releases are on the money, but what they are discussing now, they are just winging it. Sure, the people get excited when they hear money is going to be released to them, hell I would be to, but they have sent out so many false flags how can one believe or trust them. I know where the accounts are and they rest comfortably and I do not want anyone to have false beliefs that something is just going to appear on their doorstep. It is not going to happen.

Even when this matter with the Cabal is cleared up, the money is not going to just appear from the Accounts. You see D, the accounts are owned by the World, not by Wanta or White Hats. Many countries and Societies have deposited their Gold into those accounts and it is their assets that Casper is speaking of, not Wanta's. I could tell you many stories of what I have heard but I feel no need to do this.

Casper is mad Neil Keenan is a new guy on the block and I appreciate this, but understand this Casper: the new guy on the Block is not naive and he does not like the people getting confused by people such as yourself. This is tough enough for them to be misled again and again. What will you do? Lead them to the slaughterhouse? Is this your goal, for you cannot be foolish enough to believe your own blarney?

Take it easy on the people, they have been through lots and most have no idea why. Get your facts straight, I know you are more than capable of doing so and if not, then what reason do you have not to let the people know what is going on? If you really do not know, then do not print it. It is best the people do not read make-believe and take it to heart. Do I want the people to receive money? Hell, yes, I do, but I do not want them sitting there with dreams that have no chance of coming true.

Hey Casper aren't you the guys that had the packages going out to the Governors a year or more ago? Again, it was over and people had been issued the packages, right? Ah it does not matter JUST TREAT the people better — they deserve more. They have been through a lot. Casper, I do not know if you are a disinfo agent as they say, but you cross over into what I am doing often, and when you do, you step on my toes and I have to advise you that I Bite. I have so much more I can say but will not. I have no fight with the White Hats but will not let them cross that line over to my territory.

I understand Wanta or the White Hats even filed a copycat lawsuit similar to mine in Switzerland in Wanta's name. Is this true? Seems like so many others that things just keep being said but nothing is happening. As for the liens I filed, you are right, they did not represent the US, they represented the Family Heritage Guarantee seeing as they had more than 4 Trillion USD stolen from them over the years by the FEDS. What you do not tell the people is that President Soekarno from Indonesia presided over all those accounts you speak of and when he went into business with Kennedy to eliminate the Federal Reserve Bank, Kennedy was killed by the Bankers.

After this we had an appointed Marcos, not elected and furthermore, there must be more than just smoke and mirrors to the Ray Dam situation, seeing as he screams loud

that he is in control of the accounts, but what he forgets to mention is that he was never elected, only appointed by the West. What gave the FEDS such control over the collaterals? Why were they allowed to hijack a system that was supposed to be supported by the very assets of the East? My fight is to get this cleaned up, Casper.

Seeing as those people you seem to agree with are those same ones who are hurting the very same people you claim you are trying to get money for. Let me leave this response at this: I PRAY YOU DO GET FUNDS RELEASED TO THE PEOPLE BUT I DOUBT IT and NO I AM NOT STOPPING YOU FROM GETTING IT TO THEM. JUST BE HONEST WITH THEM THEY WILL UNDERSTAND IT. Neil Keenan

Over the past few days, I've had several long (and constantly interrupted) conversations with Aaron from Soldier Hugs, who is spearheading the launch of the "Leo Wanta Biography" written by Marilyn MacGruder Barnewall. Over the past few months Aaron and I have had several in-depth conversations about our current global situation, and about those people who put themselves out there to bring us updates. We've discussed the Wanta Funds and Global accounts several times.

The Wanta Funds is a subject that is highly volatile and shrouded in secrecy. There are many different angles that come into play and create drama and unease. Aaron and I examined the various facets of the topic and after much back and forth, this was his final comment on the subject at hand:

"So, great discussion we have concluded here over the last 3 days. With regards to Neil Keenan and his position/opinion of the Wanta funds, etc.... I feel there 2 key distinctions that need clarity. The 1st is an explanation of his claim that the Wanta funds were "stolen" from the Collateral accounts. What I mean is; it would be helpful to understand if he is saying that these funds were "actually" stolen physically, thereby making them actual and tangible in existence, OR do he mean that they were "mirrored" or fiat funds that were created by means of the off-ledger shenanigans, but using the collateral accounts as, well "the collateral," for funny money creation/manipulation.

And 2nd, depending on the distinction of the 1st above, how is the release or repatriation of the Wanta a bad thing, or illegal thing, etc.... What I mean is; if these funds were indeed "mirrored" or funny money in origin, then is he saying the release or repatriation of these is illegal fundamentally because they in truth "do not exist," or perhaps that by releasing or using them would somehow perpetuate or help the Cabal bankers in their plight to extend the inevitable, etc....? From the viewpoint of the general public, all of these various groups including Neil Keenan, the White Hats, Ben Fulford, Wilcock, Drake, Nesara, etc.....

ALL seem to agree with the identification of the evil Cabal elements, their various factions and agendas of conspiracy against the Planet, BUT what seems to confuse everybody is that all of these good guy groups seem to be fighting about how the "Pie" is to be divided as used with regards to WGS, PP's, and various other Trusts and Funds rumored and speculated to exist. (and many that are rumored to NOT be related to the

Collateral accounts that Neil is involved with). A clear picture of exactly what is in store with regards to the supposed new financial system that will replace the current and old one is really what's needed here as it this is what everyone is speculating about; not who the bad guys are or what they are doing in general.

A 2nd thing for Neil and others to consider, is that aside from the explanations and workings of the Collateral Accounts, and all the things associated with the true wealth and assets of the world and how this all shakes out, I feel that the Leo Wanta story has much additional value here with regards to further revealing the nature of the covert conspiracy that exists and has existed for decades with regards to the treasonous take down and Corruption of the US government, and other world governments. It's a lot easier for the "public" to understand and absorb the relevancy and impact of these financial matters if they can fundamentally understand why and how the Cabal is doing it and has been doing for centuries. So, it's not just about the money, but also about the bastards pulling the strings and how they have gotten away with it so long.

I don't know what Neil Keenen thinks of Soldier hugs, etc... for working with the Wanta Story, and I am completely open/minded as to anything he has to say about this. But I do feel that the Wanta story has merit in its huge scope of ripping the veil off of the covert conspiracy and the credibility of its existence. I am completely open minded about Neil's Claim about the money parts of this equation, if it can be credibly explained and the clear distinctions made as to the "Why and How" of his claims against the Wanta Funds/Protocols....

I want to add a bit of clarity on the subject of the Wanta funds and the Prosperity Packages from the information that I have. Many people believe that the Wanta money is what is being used to pay out the Prosperity Packages, and this is not true. It is my understanding that the PPs are being funded by the World Global Settlements and this has been backed up by several sources. The next important point is that the WGS are NOT part of the Wanta funds. Therein lies much of the confusion about this.

I try to keep myself neutral between the various groups and people that are working so hard to move humanity forward and out of the clutches of the Cabal. Although when I read or hear something that is incorrect, or that the intel I have suggests is wrong, I will give my opinion on the subject. As I said in [an article last week](#), Neil and I do not agree on the topic of the World Global Settlements and the PPs, but we can still discuss various aspects of change going on across the world.

I have had a lot of lively debates with many people on these topics. Sometimes they get pretty heated too. But in the end, it is important for all of us to remember the final goal and remember that regardless of what section of the puzzle we are working on, it's all part of the master puzzle....and maybe, instead of arguing about who's right or wrong, if everyone put away the animosity and the finger pointing and openly worked as a team, we might unravel the confusion and see the final master puzzle all in one piece."

After a brief game of tag, Neil and I were able to get together on Skype and have a very enlightening and long conversation. Followed by another conversation with Neil and Drake, and then another long conversation between Drake and I.

...There was some very interesting information exchanged back and forth to say the least, and I am hoping to have permission to write about some of the things we discussed in the very near future.

I want to thank Neil for clarifying some extremely important information on the Wanta Reagan Mitterrand funds. I have passed that information along, and a few of my sources are being seriously questioned about their information and where they got it.

I think that some of the confusion that circles this money is the cabal driven hatred and distrust of the USSR and Russia. Many people hold those responsible for the creation of this fund as heroes because of what the theft of this money accomplished. But the money was stolen, regardless of the American biased opinion. That money was mirrored from the Global Accounts and according to Neil was never under the control of those people to begin with.

As for the World Global Settlements and various Prosperity Packages, Neil and I disagree on where we stand on that at this moment. His prime focus is on the Collateral Global Accounts, as it should be, and I am waiting for his next update on that topic with much excitement.

I want to say to those reading this that we, the people of the world, are very fortunate to have people like Neil and Drake, and many others, who have put themselves out there to bring us the truth. You might not agree with them, you might not want to believe them, but the truth will come out very soon that will show that they are true Patriots- Patriots of Humanity. It is the inexhaustible resolve and committed actions of amazing people like Neil and Drake that are bringing Freedom & Prosperity to the world and her people.

It is sometimes difficult to see the entire puzzle that is coming together piece by piece. Sometimes we focus so closely at one section of the puzzle that we are unable to see other sections, and the different people working on other areas. It is even harder still to step back and try to view the entire puzzle as a whole.

Until you've stood back and viewed the various sections of the puzzle that are being worked on all at once, you really cannot sit back and say "Hey, that piece doesn't go there, it doesn't fit!", because I try to keep myself neutral between the various groups and people that are working so hard to move humanity forward and out of the clutches of the Cabal. Although when I read or hear something that is incorrect, or that the intel I have suggests is wrong, I will give my opinion on the subject.

[Regarding the Casper Nuisance and Neil Keenan . . . a comment from ~Jean](#)

Posted on [September 26, 2012](#)

Long ago, I realized that Casper is nothing but disinformation, a troublemaker, and I stopped publishing his 'stuff', because in my opinion – and I could be wrong, of course – that's all it is. Neil is becoming very busy now, he cares about us, and Casper and whomever he works for would love to distract him and upset him.

Does Neil have the time to 'deal' with this sort of nuisance now?

I doubt it, although he may . . . but it seems to me he has more important things to do. .

It's my opinion that Casper thrives on bad energy, and I have no intention of giving him any . . .

There is much we do not know, but soon, very soon, the proof will be in the pudding. . .

Hugs,

~Jean

PS Let me suggest that I think folks like Casper would like to turn this into a sort-of Roman Circus. Do you want to be a participant in that kind of a crowd event?

I'm actually surprised there aren't more Caspers around, trying to throw Neil off his game. In fact, it keeps him on his game and his teeth sharp. It's time "they" know what they're dealing with.

Gloria, with all due respect and I do not have time to do this anymore, when the White Hat spokesperson came on you tube and said they had 120 nations and were ready to reset everything (there was only 48 or 58 at that time actually in place and had nothing to do with them).

A day or two later a person named Danny Gamage from Hawaii who identified himself as a White Hat contacted David Wilcock asking him for help.

Seems that the White Hats were in trouble did not have one country behind them and asked David for help or how to reach me. I was then contacted and told them the same as David that I cannot help them.

They had nothing but this You Tube Release claimed they had everything. We forgot about them. So why would we go Wow when we knew they in fact had nothing. This has not taken a 180 in fact it is still on the straight and narrow and if you keep listening to others you will find the winding roads pretty tough to stay on.

I cannot spend even one more moment to answer anything I am getting ready to leave and need to have everything in order. Wishing you all the best.

NEIL KEENAN UPDATE: Neil Keenan has shared with me: A Major Problem is keeping us from shutting down the Cabal!

November 1, 2012

Neil has shared with me the following story, which I have written as best I could below. At the end, he makes his own, personal statement. ~J

The Cabal although sometimes a stone's throw away from being financially shut down often receives help from people and places, they never counted on. Often people in high places assist the Cabal—without ever knowing they have lifted a finger to do so. On the other hand, we must also ask if they are, they really all so unknowing, or are they in reality working to assist the Cabal in keeping their mass destruction dreams alive, their dreams of Global Conquest. There is a thin line between the two, and this we must be aware of and not point fingers at the wrong people. We do not want to mistakenly make or break a person's career.

I'm speaking here of a specific situation regarding a person, a young man, and a specific matter affecting his life, and we all know how many young men's' lives have been taken by the Cabal with absolutely no concern. The Cabal will play and toy with us as though we are nothing, but the fact is that it is we, the multitudes, are everything—and those who seem to have the Power, are really nothing.

There is a power struggle going on for the first time in our history between the Powers that be (the Mummies) and the people. While the people have been lulled to sleep, the fiefdoms that we thought no longer existed have continued to silently exist—and not only that, they have expanded throughout the world over the past two hundred-plus years. While we are in the process of shutting them down, to their last dying breath they are giving it everything they have to keep alive what has been a nightmare for billions of people. To their very last man they are fighting—creating, for instance, atmospheric catastrophes, *so that every person on this planet is aware that this is their show and they decide who does what!*

Times have changed, however, and the fear they had implanted within us is now over and done with! The old Men and Women (Queen E, really a German named Battenberg) are on their final legs. No longer can even crutches hold them up. They are falling and they are falling fast.

The young man I'm speaking of is in Indonesia and a valuable ally to Neil Keenan. He is a true Patriot who would rather give his life for his country than to live under the controlled existence of the Cabal. He, like Neil, is aware of what the Cabal has done to his country—and continues to do to his country—and is not afraid to confront them, but, Neil, with his hands now tied, for the moment has lost a valuable ally—and friend.

You see, while moving forward to establish whether or not some of those Notes issued by the Central Banks were real or not, this young man was stopped by the Indonesian Police and detained. The Notes that he held from his sources were real, but the Notes that he had been given by his father-in-law were not.

As a matter of fact, the bad Notes he was given were promoted by Keith Scott, an Australian who has been illegally residing in Jakarta, Indonesia at the Puri Casablanca hotel—yes, Keith Scott is at it again. It was Scott who fired up the young man's father-in-law, advising him that Keenan gave his son-in-law \$35,000 USD.

(If you remember from another article, it was Scott who told Wagoner that Alex Le Ling Soon gave Keenan \$35,000 USD. This allegedly was fraud according to Wagoner (alias Rockefeller). Why is it that Wagoner/Rockefeller (Jekyll/Hyde) is hiding in Hong Kong now and the Indonesian Government is looking for him, and why is Scott now being investigated by the Hague/International Interpol?)

Back to the story—and what a story it is!! Scott stirred up this young man's family so much that the father-in-law gave his son-in-law Singaporean and US dollars, claiming they were real and validated. He then sent to Keenan emails advising him that it was he who could help him, not his son-in-law. He also sent photo attachments substantiating the Notes, mentioned above as being real. He showed the Notes under the ultraviolet ray machine that would show the lines and little markings made within that would differentiate the real from the phony. He had the group make a Skype call to Keenan, telling him that they wanted to donate \$5 million into his lawsuit. Keenan's response was that he would accept \$1 million, providing it was proven real.

It was at this time that the father-in-law gave his son-in-law the Notes to take to an Indonesian named Tony, but not before he very wisely secured a declaration from the issuers of the Notes, stating that his deposit would be returned to him should the notes be declared illegal or counterfeit. In our world we likely would realize the issuers were attempting to steal, but not in the trusting world of this young man. He believes in people and most especially his country.

The father-in-law accompanied his son-in-law to the meeting point, a meeting point established by two London Cashiers named Terrance Wayne and Keith Benedict. Both men are Indians and both claim to own numerous Money Change shops throughout Asia. Their contact was Toni, and it was Toni who was appointed to deal with Neil's young patriot friend. Upon arrival at the change destination, Toni jumped into the son-in-law's car, looked into his bag, agreed everything was in order, and then made a phone call. A few seconds later the young man and his father-in-law were in custody, and Toni was walking away from the car.

This all happened many weeks ago, and to this day Neil's young helper has remained in custody! Despite having such a clear defense, he has not been released to continue his

patriotic efforts to help his country. Keenan has untied many of the problems, but unfortunately, as long as this young son of Indonesia is detained, the path toward financial freedom that Indonesians and so many of us on the planet are also depending upon is being slowed down. There are many witnesses in line for this young man, including major foundation principles, bankers, ex-bankers, and lastly, Neil Keenan.

Neil Keenan states, *"I hope he is released immediately. I need him working with me; you need him working for you. What Scott has done was deliberately done in order to stop our path forward. He makes claims he is this or that, but he is one sad sack of a person. He played with the father-in-law, who has acknowledged to me that he was working with Scott behind his own family's back.*

Now, the father-in-law is detained—and deservedly so. In the meantime, this young man needs to be released to assist everyone in bettering this planet, and I pray the judicial system can see clearly and without any doubt exactly what has happened here—and just let this young patriot go. If not, then we will line up the witnesses for him and get ready for a Universal Trial, because we will not be held up in our efforts to stop the New World Order from moving forward.

They must be stopped, and they must be stopped right now! We need all the help we can get, and this includes the help from the people that are detaining my friend.

"As you can see this has gone on long enough. This young man, this patriot who loves his country, Indonesia, has all the evidence he needs to walk away, but to this date he has not been permitted to do so. In the meantime, we all suffer because Keith Scott once again (with Wagoner/Rockefeller) has stuck his hands into someone else's business.

Scott worked with Wagoner/Rockefeller on this, and although successful in getting this young man detained, they have now demonstrated to the entire planet that they are tied into the NWO, or at least were tied into the NWO.

The NWO likely will discard them now, because the NWO does not want these sorts of people either. These are the people who need now to be removed from our pathway, so that we can move forward without any more hindrance—not my young friend and helper."

Neil closes by saying, "It has to end now, so we all may proceed as ONE, and not as a One World Order, but as ONE people of this entire planet. "There is a minimum of 36 million people on the planet today following just this issue. Hopefully, we do not need to call upon them to resolve it." Neil Keenan

NEIL KEENAN UPDATE | Who's On First! –

From Neil Keenan

November 28, 2012

Dear Jeanie,

I would rather not post a reply, but this is just a great opportunity to nail the disinfo people such as JJ (Smith) Outlaw. The document you are looking at is one big joke.

I am going to take it with me when I visit with Edy Seno. Everyone who knows Edy realizes this is a big gaff, and, of course, we know who photoshopped this from a similar document put out in August that was discredited. No, it is not Scott this time, and it is time to stop kicking him.

He looks like hell and needs a break, and if anything, I was too tough on him, but he is the expert in such situations, and I am sure he will have lots to say as well on his own behalf.

Whoever put this together is a Clown, a Prankster, a Silly Fool, and I will try to share only a little of what is wrong here. First of all, Ray Dam is not affiliated with Edy Seno in any way. Beyu Soekarno is not involved with Edy in any way. It is the OITC not IOTC. Flashing back in time to the 'Scott War,' it was clear to me that they (Scott and Wagoner), after getting caught by me, had to scurry to cover their tracks, so that no one would know what they were up to.

They then ran to Beyu Soekarno telling him that I screwed up their Trade. However, in fact it was those actually working with Beyu who wished to use him, as well as my connections—without my knowledge and behind my back. When they weren't allowed to use my connections, they got Beyu to sign a Cease and Desist Order, blaming me for everything.

Then the Wagoner bunch ran to Edy Seno, who was in the hospital, and lied and used Nelu's name to get in to talk to Seno. They then proceeded to tell him that the case would not be refiled, so he should issue a Cease-and-Desist Order, which they just happened to have in their pockets at the time. Seno did sign it.

Of course, you would think that left me standing without my pants, but to the contrary! I was in the position of strength: You see, Seno's mandate expired in 1998! What this means is that none of the 2.5% Family Heritage Guarantee was issued to the Soekarno Trust at all. During the years that the Mandate was valid, the West never gave them a dime, yet the Indonesian Elders did continue to protect all the assets as though they were their own.

Indonesia, gatekeepers and holders were wonderful to the actual owners over the years, even though they were beaten as well. In case you haven't realized it, the system had been hijacked. No—in case you haven't realize it—the system was set up initially so it could be hijacked. Thank God the Elders, who live on a different spiritual plane, not one of greed but one of integrity, stood strong and defended the assets and humankind from a potential disaster.

So how was the Soekarno Trust to get paid after the expiration of the Mandate? By attaching it to my lawsuit. By making it valid. By making it part of the settlement!!!! Let me say here, also, that Beyu is still out in the cold, and my connections might help him verify his assets. As a matter of fact, Bonsu Soekarno, Beyu's brother, is possibly the most learned person in the history of the Collateral Accounts, and he would be most welcome to participate in the legal actions of the suit itself. He is remarkably brilliant in his understandings of the Collateral Books.

The publicity alone was driving the Cabal mad—even though it was only on the internet. If they separated themselves from me, they had nothing. What could Wagoner do? He wanted Alex Lee Ling Soon, a highly respected Singaporean businessman, to pay his expenses so he could go on a fact-finding mission. Alex said, "NO!" He knows when he smells a Rat.

He understood that Wagoner, a man who falsely identifies himself as the son of David Rockefeller's sister, could do nothing. On the other hand, Wagoner told Seno and Alex that he would deal with the BIS and the World Bank—and every other damned place, too, including the Monaco Group, which he had no chance of ever getting close to. What I am trying to say is that the scam or plan to remove me was on, but they had no weapons to fight with. You cannot go to a war with a Pop Gun, and this is what they had. Our friend Drake received phone calls from them crying hysterically in the middle of the night that I was ruining their reputations, but what sort of reputations do they think they had?

Then Drake told them he was going to do his own due diligence, and when he did, what he learned and came back with stunned them so much they never bothered calling again. Sorry buddy, no one home!!!

This kept on for a while, and now we have this photoshopped document we saw months ago, which at that time was vetted as a fraud. It re-surfaces now and gives me a chance to actually respond to it. So, I will make it short and sweet. This piece of crap has nothing to do with Edy Seno. Edy Seno is more than a business associate; he is my

friend! The document is phony from top to bottom. There are so many holes in it you can drive a truck through it.

For instance, you do realize that the Soekarno Trust has nothing to do with the UBS, don't you? And you understand that Edy Seno never signs anything without putting his thumbprint on it, right? If so, then you know something the composer of this piece of garbage did not know, and if you did not know, you know now.

I could easily go tit for tat with JJ Smith, who posted this on his site, but let's let him live for another day. He is a disinfo agent and most probably gets paid for doing it. At one time I spoke with him, but was told to stay far away from him, so I did.

There is so much more to tell you, but let's cut it short because I'm very busy. Not my style, I know, but I am in Indonesia composing this response and meeting with the infamous Dr. Seno in a couple of days. As I have said, he is a friend, and we probably will have many laughs over this. As for JJ, he can roll this phony Cease and Desist document into tubular form, and I'm sure he will then know what to do with it.

You know, though, it really is not funny that people, who hope that someone, somewhere is being straight with them, actually find out they are being nothing of the kind. For this reason, I've taken the time to state the above—and remember if I do not win, there will be no funds for anyone, because the mandate in this document has expired, and they have nothing to hang their hats on.

There is no way for them to recover their losses; there is no way for them to recover a dime. Let me repeat in closing that the plan is to include Edy Seno, who is the real representative of the now-expired Soekarno Trust Mandate, in the final Settlement. Do not worry, I am doing my best for all, and please do not believe such nonsense coming from those that really just wish to use us people without putting in the time, effort, and hard work.

I wish you all the best and pray that someday we all just might share a celebratory drink together once we raise our arms in victory.

As always, thank you, Neil – we're all learned a lot today. And your compassion for Scott, in spite of all that he's done, speaks volumes. One thing for sure, the bs is flying fast and heavy now. It has to mean the fruits of your labor are beginning to manifest. Hang in there xxx.

Love, LAF

You are welcome LAF. I am in the same hotel Scott was in when I arrived here in Jakarta and I know I chased him out just by being here. He could not look me in the eyes and made attempts to speak with me but I told him to take a hike.

Now after being here for more than 6 weeks I reflect on it all and realize that Scott is going through a very bad time and is scared for many reasons.

He has enough demons to deal with rather than worrying about me. He did what he did and that is over with now. He also did much good. It is time to move on and if anything, give him a hand seeing he is so down. He needs help. Hopefully he gets it.

I have seen strange things happen to people involved in these accounts LAF. Most not good. The plan is to just keep focused and get the job done. No one knows the accounts as Scott does and I hope he bounces back strong and completes a deal that will take care of his woes.

I did not see his ego running amok this time but saw him suffering which I did not like. As I said he needs a hand. You are right he helped greatly at that point and time and I did not forget.

NEIL KEENAN UPDATE | Neil Keenan Shares Photos Of Dr. Seno Signing With His Thumbprint. . .

December 16, 2021

Apparently, Neil just came across these photos and shared them with me. If you recall, a couple weeks ago there were discussions about the legitimacy of a document, and Neil said it couldn't be legitimate because Dr. Seno always signs with his thumbprint, and on the document under discussion, supposedly signed by Dr. Seno, the thumbprint was missing. I believe this is a photo of an agreement signed between Neil and Dr. Seno. ~J [Photos are unavailable due to 404 error]

Courageous souls who pour out their hearts in grief yet fight like Gabriel himself. Stand up or Stand down, this is how such people look at matters—and this is why others shy away. Standing down is easier for now, but if there ever is a final moment, they will find that right before losing their heads, they will wonder through their sniveling why they never stood up and fought.
